It is on the books that Spring has come.

Editors and poets, who are still at taking their pens in hand.

Yes, Sophronia, the sap is not the only thing that's beginning to flow freely.

Ah, gentle Spring, what crimes are committed in thy name!

THE HOYA will say nothing about Spring.

It has too much reverence for the season that ushers in baseball—and canoeing—and racing.

Racing is the sport of kings.

Baseball is the king of sports.

And canoeing—what is that? Canoeing, my dear Watson, is the sport of queens.

Certainly it's no sport without 'em.

So, we repeat, THE HOYA will say nothing about Spring.

Anyway, here in Washington you can't be sure Spring has come until after it has gone.

No, THE HOYA isn't wearin' o' the green today to welcome Spring.

Nor to remind the boys that the time has come to dig up their baseball bats.

Rather it is an invitation to them to dig up their shillalays.

Let's all get out and break a few heads.

Shure, an' nothin's too good to honor the blessed Saint!

Clubs are trumps, and it's Ireland's day!

G. U. VICTORS IN C. U. CARNIVAL

Blue and Gray Athletes Outclass Other South Atlantic Contenders Saturday Night.

Once more the Blue and Gray athletes showed their superiority by clinching first honors in both the open and South Atlantic events at the Catholic University Carnival held in the Broad commander Gymnasium last Saturday evening. G. U. proved to be too strong for any of its competitors.

As usual "Big Bob" LeGendre and Dorsey Griffith divided honors when it came to deciding who was the biggest point winner. LeGendre was by far the best hurdler on the field, and Griffith was not confronted by a sprinter who was his equal. Bob ran a second race where he crossed the tape ahead of Griffith and a Hopkins man in the 440-yard. Feeney and other athletes from the Hilltop consistently carried the Blue and Gray to the front.

Griffith, the 6-foot short-distance man, not only led in his heats of the fifty, but also led the way to the tape of the finals of both the open and invitation dashes. He made them both in the fast time of 5 3/5 seconds. LeGendre occupied the same position to the hurdles as Griffith did to the dashes. In the opening of the hurdle race there was something of a mix-up when McDonough, of Baltimore, got away before the gun. As a result this first-half of this time Bob ran true to form and was an easy winner.

Georgetown had three men place in the South Atlantic 440. Sheehan, who ran a steady race, broke the first two laps, won with a comfortable margin to spare. Arey crossed the finish line second with "Red" McDonough, of Baltimore, a close third. In the open quarter Griffith finished first, but the space between him and the rest of the field, while McNamara had no trouble in ending with a second to his credit. These two men started in first and second places and retained them throughout the race.

One of the most sensational events of the evening took place when the big Pentathlon champion broke the tape in the South Atlantic 440, after taking a fall on the final turn. Bob, who was leading the field, collided with Griffith on the final turn, and both went down in a heap. They both scrambled to their feet, were off once more and Bob just managed to nose a Hopkins runner out of first place. Dorsev came in for third honors.

The South Atlantic relay was won by Georgetown on default, as no other teams were entered. Jimmie Connolly, the wizard miler, was unable to compete in the meet on account of sickness. Jimmie Settle, the short-distance man, showed superior performance in the 100-yard, finishing first and second in the pole vault. Both of

Georgetown WINS DEBATE AGAINST COLUMBIA UNIVERSITY

Georgetown University defeated Columbia last Sunday evening in Gaston Hall of the United States Court of Customs Appeals, and Myron Parker, President of the University Club of this city, while Dr. Daniel W. O'Donnell, M. A., Ph.D., was chairman of the evening.

Mr. Francis W. Hettfield, a very dramatic speaker, who spoke with a truce in his rank, presented an account of the Bill conditions which led Mr. Plumb to formulate his plan and present it to Congress, and enumerated the various apparent futile efforts that had been made to settle those conditions before the advent of the Plumb plan. Mr. Ronald N. Craigmyle, a gentleman of pleasing appearance, who won the interest of his audience by his easy and confidential manner, then showed that the plan which would settle the railroad problem must be based which would give a just return for every penny invested and that Plumb's plan was such a one.

Mr. Archie O. Dawson, who had a rapid-fire method of speaking and a bad trick of seeming to ignore the audience, argued in favor of the plan on the plea that it would give an incentive to every worker and the now inefficient railway employees would become efficient. In the view of the enormous returns consequent upon real effort as assured by the system under discussion.

YE DOMESDAY BOOKE
READY FOR THE PRESS

The Editors and Their Assistants Have LABORED TO MAKE IT A MASTERPIECE.

"Ye Domesday Booke," the university year-book, is about to appear Monday. Consequently this present week is one of the great stress and exertion for Georgetown publications. Final efforts are now being made to secure illustrations and the departments, artists are being overworked to make it possible. The departures in drawings and sketches, the humorists of the staff are cutting the entire universe in an endeavor to inject into the book an atmosphere of such clean-cut and directly applied humor that entertainment as well as recollection, and those of the staff that are purely literary, are burning the midnight oil in trying to produce manuscript worthy of the book.

Not all that of this work is being done as an eleventh-hour结构ized in the book, however, for this final week of preparation is one of the concentration of the applied energies of every member of the staff in order that in the wealth of material that has been submitted, a proper preparation of the staff to the reader. This is done on the publication. As has been said, the Members of the Georgetown publications. Final efforts are now being made to secure illustrations and the departments, artists are being overworked to make it possible. STUDENT WELFARE COUNCIL PROPOSED

Plans Discussed Over the Breakfast Table Sunday Morning.

Plans for a student welfare council to assist the students of the professional schools of the University in obtaining suitable living quarters and to introduce them into appropriate social circles were discussed at the meeting of the Georgetown Alumni Sodality Sunday morning. A committee consisting of Mr. Francis Rutigliano, '97; Mr. Robert McNamara, '95; and Mr. Hugh J. Fegan, '91, Assistant Dean of the Law School; Chairman, was appointed to investigate the proposition and to report at the next meeting.

Mass was said in Dahlgren Chapel by the Reverend Edmund A. Walsh, S.J., Regent of the School of Foreign Service. The Spiritual Director of the Sodality, Father W. Coleman Nevils, S.J., preached the sermon. A vestment choir of students sang the hymns at the Mass and Benediction which followed. Breakfast last, at the invitation of the Rector, was held in the Faculty dining room, Mr. T. Bryan Hynck presiding.

It was decided to revise the Constitution and By-Laws of the Sodality, and a committee composed of the Hon. Hugh J. Fegan, '91, Mr. Daniel O'Donnoghue, '97; and Mr. Harry Gower, '98, Chairman, was appointed to report on the changes deemed necessary, with the changes mentioned above, to be held April 25. It was also decided to change the regular meeting day from the second to the last Sunday of the month.

Several new members, graduates of other Universities, were introduced. In the opinion of most, the best feature of the meeting was the policy of the sodality to admit to membership graduates of other universities as well as those from Georgetown. The fifty members present spoke very favorably of the school activities, especially enthusiastic over The Hoya.

MAJ. DALRYMPLE WAS GEORGETOWN MAN

The Noted Anti-Liquor Leader Studied at Foreign Service School.

It will be interesting to note that Major A. V. Dalrymple, of the Michigan liquor war, that brought him before public notice during the past few weeks was a student at the Foreign Service School at the opening of that school and was stationed in Washington, D.C. Major A. V. Dalrymple was a non-com major in the R. O. T. C. In the opinion of most, the best speaker of the evening, stated and proved that the Plumb Plan would be pernicious in principle. Mr. Ed. Butler, a vociferous speaker, especially in rebuttal, gave reasons against the Plumb Plan on the score that it would be followed by disastrous results if adopted. Mr. William J. Culman, in the opinion of most, the best speaker of the evening, stated and proved that the Plumb Plan would be harmful and destructive to American institutions. So lucidly did he reason that once he evoked applause in the middle of his speech—a thing which the last speaker for the other side seemed so worried by that he wasted a moment of his time to explain how easy it was to gain popular acclaim by fallacious argument.

The reception committee was as follows: Mr. Joseph R. Mickler, '20, chairman; Robert J. Riley, '20; Thomas A. Dean, '20; J. Dwyer Kinnucan, '20; Edward A. Hatfield, Jr., '20; Augustus D. Bourneuf, '26; Arthur C. Hirst, '20; Paul DeW. Page, Jr., '21; Robert W. Wimsatt, '21; James H. Conklin, Jr., '21; Joseph A. McGowan, Jr., '22.

Will again display a line of Spring Clothing and Haberdashery, Monday, March 22, in Senior Class Room, North Hall.

EVERYBODY WELCOME

Leo J. Casey, Managing Editor of The Hoya, who set out last week for his home in Burlington for a much-needed rest, found upon arriving in New York that the blizzard had paralyzed New England Railway lines and no train would stop in to have him for Boston. So Leo boarded a train for South Norwalk, where he stopped over with a friend until such time as the snow plows could do their work on the home-bound track. The day after his arrival in South Norwalk, however, he was taken down with a high fever which lasted during several days.

He is sitting up now and says he feels so well that he wishes to return to school as soon as he can travel instead of going home for his intended rest, but his physician with utter disregard for the welfare of The Hoya and the the R. O. T. C. last year. His friends unite in wishing him every success in making Georgetown a topnotcher in the ranks of the R. O. T. C. in the country.

McBirney, captain of Company A, is also a Plattsburg man, and a first sergeant in the S. A. T. C. Ed Butler, captain of Company B, was a non-commissioned officer in the S. A. T. C. Joe McDonough is appointed Battalion Adjutant with the rank of First Lieutenant. He was a sergeant during the S. A. T. C. and attended Camp Devens last summer. James Butler, Paul Etzel, Paul Page, and Charles Williams were all non-coms under Col. Bookmiller, and have plenty of military experience.

Leo J. Casey, Managing Editor of The Hoya, Taken Quite Ill On Way Home For a Rest.

Leo J. Casey, Managing Editor of The Hoya, was appointed to report on the changes deemed necessary, at the next meeting, which will be held April 25. It was also decided to change the regular meeting day from the second to the last Sunday of the month.

Several new members, graduates of other Universities, were introduced. It is the policy of the sodality to admit to membership graduates of other universities as well as those from Georgetown. The fifty members present spoke very favorably of the school activities, especially enthusiastic over The Hoya.

G. U. WINS DEBATE
Continued from page 1

Mr. John J. Darby, Jr., excellent in his main speech and especially clear-headed in his rebuttal, had great facility of expression and stated arguments in proof of his proposition that the Plumb Plan was pernicious in principle. Mr. Edward Butler, a vociferous speaker, especially in rebuttal, gave reasons against the Plumb Plan on the score that it would be followed by disastrous results if adopted. Mr. William J. Culman, in the opinion of most, the best speaker of the evening, stated and proved that the Plumb Plan would be harmful and destructive to American institutions. So lucidly did he reason that once he evoked applause in the middle of his speech—a thing which the last speaker for the other side seemed so worried by that he wasted a moment of his time to explain how easy it was to gain popular acclaim by fallacious argument.

natives have not yet received the news where oil flows like water and where the ers from Kentucky, stumbled upon the computed to have been fugitive moonshin-site of the city one dark and stormy forefathers of the hamlet, who are re-
tained to at least a veneer of cases attained to at least a veneer of civilization. They have come to the schools of the East, where among the refining influences they have received a satisfying, if superficial, culture. Cafes and hotel ballrooms are become their habitats; head waiters and hat-check girls their obsession. All the latest un-
spoken music is at their command. The theatrical folk are their conversational intimates, and they are confirmed first-timers. They take in all the musical and dramatic plays as a matter of course—
but of course I am not insinuating anything—necessarily—when I call your attention to the fact that Basil is from Tulsa. And anyway, the police say he can go back this summer if he promises to behave himself.

The dawn of the baseball season reminded me of the fact that among the crowd of Seniors I had not yet had time to interview, Basil headed the list. So one night, when I felt sure that Basil had either stayed in or gone out, I went up to his room. I was right. He had stayed in, and was pounding off letters on his old Underwood at a great rate. I tossed my hat on the piano, collapsed into a large chair, and lit a cigarette.

"Aha!" I chirped. "I see you are in the throes of composition!"

"No!" he snapped back, "I'm already thrown!"

Just like that! Out of a clear sky, without a shadow of warning, he pulls something like that on me. What a man! What a man!

When I had recovered my breath, I watched him at his machine, while he turned out page after page, using first one hand and then the other, he was progressing nicely when I again inter-
rupted.

"That baseball stuff you are attending to?" I asked. Basil is manager of base-
ball, and to his credit be it spoken, he has turned out the finest schedule of March 17. Now that
...
INDOOR SEASON COMES WITH A HANDBALL OF 2 1/2 INCHES.

Track Team Has Made Wonderful Showing on the Boards.

With a decisive victory for Georgetown, in both South Atlantic and open events, the 1920 indoor track season came to a brilliant close last Saturday night in the Catholic University gym. The indoor schedule opened on January 17 at Buffalo, where after only a few days of practice the relay team finished second to the all-Buffalo four. Two weeks later O'Reilly's men participated in the annual games at Brooklyn College and here the relay team ran second to the famous Penn four, but managed to cross the tape ahead of New York U., Rutgers, Boston College and here the relay team had 2 1/2 inches. LeGendre and Columbia. In the 1,000-yard run of New York U., Rutgers, Boston College and here the relay team participated in the annual games at Brooklyn College and here the relay team had 2 1/2 inches with a handicap of 2 1/2 inches.

On February 21, John Feeoney won the National A. A. U. championship for the high jump clearing the bar at 6 feet 2 7/8 inches one inch higher than Earl Windhovel, the National A. A. U. championship for the high jump in the junior championship games at Buffalo. Feeoney cleared the bar at the height of 5 feet 11 inches, one inch higher than Earl Windhovel, of the Meadowbrook A. C., and A. A. Bromet, of the Morningside Athletic Club. At Baltimore on February 28, the Georgetown runners reached their true stride, winning first in all of the South Atlantic as well as numerous other open events. Here LeGendre finished first in the 100-yard hurdles running from scratch and covering the distance in 11 1/5 seconds, with Sheehan third. Griffith won the 100-yard dash in 10.2 seconds first. In the mile event Connolly, after leading the field for practically the whole distance, was unable to hold out in the last lurching and finished the race third. A week later, in the B. A. A. games at Brooklyn, the champion of the country. Here Johnnie Feeoney captured second place for Georgetown in the high jump, clearing the bar at 6 feet 2 1/2 inches with a handicap of 2 1/2 inches.

The indoor schedule opened on January 17 at Buffalo, where after only a few days of practice the relay team finished second to the all-Buffalo four. Two weeks later O'Reilly's men participated in the annual games at Brooklyn College and here the relay team ran second to the famous Penn four, but managed to cross the tape ahead of New York U., Rutgers, Boston College and here the relay team had 2 1/2 inches with a handicap of 2 1/2 inches.

February 21, John Feeoney won the National A. A. U. championship for the high jump clearing the bar at 6 feet 2 7/8 inches one inch higher than Earl Windhovel, the National A. A. U. championship for the high jump in the junior championship games at Buffalo. Feeoney cleared the bar at the height of 5 feet 11 inches, one inch higher than Earl Windhovel, of the Meadowbrook A. Here Johnnie Feeoney captured second place for Georgetown in the high jump, clearing the bar at 6 feet 2 1/2 inches with a handicap of 2 1/2 inches.

When Georgetown went to Farmingdale, Long Island, to play the New York Aggies, many prophesied that the boys wouldn't get back for a month. However, if any one has ever been in Farmingdale, be won't have any difficulty in imagining the desire that drove the Hilltop boys away from there very early the morning after the game. The sleigh service was bad, but the Hilltop's noble nine, accompanied by The Hoyas correspondent, moved heaven and earth to get out of the place alive.

These pictures, made by our correspondent, are not especially good, being taken at 7 o'clock on a cloudy day. However, they'll serve. And if they look rough, remember that they are pictures of a rough, rough place, and be satisfied.

The picture in the center shows the fighting boys playing tag with an Aggie wheel-barrow. The Aggies didn't use this wheel-barrow to haul ice cream, no siree. But then, this Aggie school is a real farm, Hiram, a real farm.

In the upper left-hand corner are the boys standing, with the gymnasium in the extreme right background. The gym is used as a barn on alternate days. In the upper right-hand corner you may see the sleigh, with the boys caught in the act of making a snappy getaway. Coach O'Reilly is riding with the driver, who recognized John as a boyhood chum. John denied the acquaintance. That's what Farmingdale looks like. They say it's a fine place in the summertime.

GEORGETOWN BASKETBALL SQUAD AT FARMINGDALE, LONG ISLAND

A HANG-OVER FROM THE BASKETBALL SEASON.

When Georgetown went to Farmingdale, Long Island, to play the New York Aggies, many prophesied that the boys wouldn't get back for a month. However, if any one has ever been in Farmingdale, he won't have any difficulty in imagining the desire that drove the Hilltop boys away from there very early the morning after the game. The sleigh service was bad, but the Hilltop's noble nine, accompanied by The Hoyas correspondent, moved heaven and earth to get out of the place alive.

These pictures, made by our correspondent, are not especially good, being taken at 7 o'clock on a cloudy day. However, they'll serve. And if they look rough, remember that they are pictures of a rough, rough place, and be satisfied.

The picture in the center shows the fighting boys playing tag with an Aggie wheel-barrow. The Aggies didn't use this wheel-barrow to haul ice cream, no siree. But then, this Aggie school is a real farm, Hiram, a real farm.

In the upper left-hand corner are the boys standing, with the gymnasium in the extreme right background. The gym is used as a barn on alternate days. In the upper right-hand corner you may see the sleigh, with the boys caught in the act of making a snappy getaway. Coach O'Reilly is riding with the driver, who recognized John as a boyhood chum. John denied the acquaintance. That's what Farmingdale looks like. They say it's a fine place in the summertime.

GEORGETOWN WINS

Continued from page 1

these "little" fellows did their bit to win the laurels for the Blue and Gray. Georgetown cleaned up 33 of the 60 points of the South Atlantic events and 22 out of the 40 in the open events. C. U. was the nearest competitor for the honors in the South Atlantic, with 10 points, while Hopkins obtained 12 in the opens.
The Foreign Service School reports that Scotchie Fitzgibbons is expected to make good on the Varsity nine this spring. Scotchie has already had an enviable record in scholastic baseball, and played stellar ball for the Knights of Columbus team of Waterbury, Conn., as well as captain the Waterbury nine in the Connecticut Industrial League last year. As well as being a twirler of repute, he is generally considered one of the best outfielders outside the big leagues.

It is darkly rumored that the Junior Class, seeking a charitable institution on which to bestow the profits from the Junior Prom, has singled out, doubtless at the advice of persons high in baseball circles, a member of the baseball squad as the object of their charity. It is further reported that this mendicant is a strong candidate for an infield berth, second base, in fact, and that he has decided to accept the gift. Well, maybe so, maybe so; but the whole affair is very unusual.

With the advent of warm weather, undergraduates are turning their eyes to the tennis courts, dumbly pleading that these may be put into condition at the earliest possible moment. With a new election held for the office of Assistant Manager of Minor Sports, and with Ed Butler being elected to that office, it is hoped that steps will be taken to place the courts in suitable playing condition at once.

Tom Dooley, whom interclass enthusiasts will remember as the shining light of the Freshman football team, is doing some tall hustling on the diamond and promises to bid high for a permanent berth at shortstop. Those who have seen Dooley in action in New England baseball circles claim that he wields the Big Stick like a professional.

Watch for the Baseball Features in Next Week’s Hoya!

YMCA

YOU’LL smoke a WDC more than an ordinary pipe, because it’s a sweet, mellow smoke. Follow the old pipe connoisseurs and have three, four, or more WDC Pipes on your rack. Smoke a cool one every time. Then you’ll know what a real smoke is. Any good dealer will furnish you with several select shapes.

Saves the College's Reputation
With the Unfair Sex By Timely Rejoinder.

Of all the charming adventures sent in this week to be flashed on the pages of The Hoy, this one annexed the doorknob from off the handball building. We reserve the right of keeping the names of the parties concerned under the desk, so to speak, but of the veracity of the incident, we will vouch.

Well, to begin with, Hector, one of the supers in the story had a boy friend visiting him, and wishing to fill his time with enjoyment, arranged a little party in the form of a dance to be held at the house of a friend who lived quite a piece down the road. As is the custom at such affairs, invitations were issued to a number of girls. Hector always had a fluent veracity of the incident, we will vouch.

This one annexed the THE HOYA, us. aren't you”? These chance meetings happened two or three times in the course of the evening, and each time Ethel pulled her usual quotation. It seems that it was one of the best epodes that Quintus Horatius Flaccus ever turned out. Paul DeWitt Page was second with a morbid little ditty entitled “Castaway Hearts.”

So Jim Sweeney gets the ten dollars, while his creditors cheer. Jim told a fellow member of THE HOYA staff last night that he would probably fritter the whole ten away at Harvey’s. Paul Page, who has always shown a marked preference for Bartholdi’s, will probably spend his five-dollar gold piece in that popular tavern, and in a week or two neither of these prize winners will have a cent to show for his brilliant success in versemaking.
