PATHFINDERS CLUB IS FOUNDED

Eighty Men Gather to Form New Society—Fr. Quigley, S. J., Is Sponsor of Club to Multiply the Students' Interest in a Vocation—Big Professional and Business Men to Address Members.

On Monday evening, March 10, in Room H, a large number of students assembled to organize a club which is unique in the annals of Georgetown. Mr. John H. Daly, president of the class of 1924, presided as chairman of the meeting.

The Rev. John B. Creeden, S. J., President of the University, addressed the students expressing his pleasure at the movement and his wishes for the organization's success. Fr. Creeden gave his unqualified approval to the idea and pledged his support and cooperation in any way in which he could be of aid in furthering the motives of the society.

INTERCOLLEGIATE TEAM PICKED.

At the trials held in Gaston Hall last Thursday evening, the following named men were chosen from a large number of contestants to represent Georgetown in an intercollegiate debate with St. John's College, Philadelphi-a on March 38: Mr. James J. Kirwin, '24; of New York; Mr. Wilmer B. Hunt, '24, of Texas; Mr. Robert Hitchcock, '26, of Penn; and Mr. William Jan- l, '25, of Massachusetts. The first three named are to be the speakers in the debate and the last the negative. The judges were the Rev. James A. Dixon, S. J., Mr. Denis J. Comey, S. J., and Mr. Frank Mulligan, S. J.

The Rev. Daniel A. Quigley, S. J., at whose instigation the club was founded, then explained to the assembled the purpose of the organization. "Its purpose," said Fr. Quigley, "is to enable the students of the college to get a greater insight into the various professions and businesses, with a view to making a choice upon graduation of their life's work, than can be obtained by the present mode of representation of the divisions of various professions before them. This will be accomplished by inviting the leading men in the various professions to address the members of the club and lay before them the opportunities in these fields and the needs and means requisite for success in the different lines of endeavor."

The following named men were appointed a committee to draw up the constitution and by-laws of the club: Mr. John H. Daly, '24; James M. McFarland, '24; Francis J. Mahony, '24; Thomas A. Callaghan, '25, and Eamon D. Murphy. Invitations to entertain the coming week to the big men in professional and business lines and the lecture program will be announced upon com- pletion.

COPY OF TELEGRAM SENT TO PRESIDENT OF COLUMBIA UNIVERSITY AND TO PRESIDENT OF JOHNS HOPKINS UNIVERSITY.

"Georgetown University unites with sister University in common sorrow at death of beloved Professor Baron Korff. Stricken in classroom of School of Foreign Service, he leaves precious memories, for faculty and student body. He was a scholar and distinguished gentleman. Cause of both universities in efforts towards an enlightened understanding of international relations suffers immeasurably by his death."

JOHN B. CREEDON, President Georgetown University.

FR. WALSH TALKS ON RUSSIAN

Interesting Talk Given in Gaston Hall Last Friday Evening. Large Crowd Hears Former Regent of Foreign Service School Speak on Russia.

The first of a series of lectures was given last Friday evening in Gaston Hall by Father Edmund A. Walsh, director of the Papal Relief Expedition, who recently returned from a two years' visit in Russia. Father Walsh told of the havoc in Europe as a result of the World War, especially in that part which is now the sad relic of the Russian Empire. Here destruction is everywhere present, physically, intellectually, and morally, economically and socially. He mentioned the somber threat of famine to fifteen to twenty million people destined to starve during the winter of 1921 and 1922, when the fertile fields of southern Russia were transformed into huge cemeteries. "Peasants were driven to eat animals, bark, rats and finally human flesh," he declared.

Father Walsh praised the great work of the American Relief Forces headed by Herbert Hoover and particularly the good done by the Papal Relief Expedition. He mentioned the latter was accused by Europeans as being propaganda to unite Orthodox Russia with the Christianity of other parts of Europe. This heresy was dispelled when he cited the conditions contained in the treaty between the Vatican and the Soviet government: "The agents of the Relief Mission were dressed as laymen and were instructed to give wherever the need existed regardless of creed or class."

The director of the expedition told of the erection of large kitchens which gave to thousands of starving children the luxuries of white bread, cocoa, rice, pure fat, milk, corn and flour. These kitchens finally numbered three hundred and fifty feeding one hundred and sixty thousand children daily. The speaker concluded his talk by stating the various methods of distributing food to these starving people and explaining the condition of Russia as it exists today.

CAST FOR HAMLET DECIDED UPON

Decision of Judges Announced. Charles E. Clifford, '24, to Play Hamlet—Over 50 Students in Cast—Production at Holy Trinity Hall April 12.

The try-outs for the several "Dramatic Personae" of "Hamlet," which is to be presented by the Mask and Rascal Club on May 9 and 10, were held in Gaston Hall last week. The conduct of the tests of dramatic talent were under the direction of Rev. John A. Dixon, S. J., Mr. Coffey, S. J., Mr. Mulligan, S. J., and Mr. L. Klein, who has been engaged to supervise the rehearsals. It may be of interest to note that a Mr. Anthony L. Lesiner, a dramatist from New York City, has been engaged to co-operate with Mr. Klein in the general direction of the tragedy.

The play is the subject of universal enthusiasm throughout the College as is evidenced by the fact that the try-outs had to be put over for an evening to accommodate the contestants for parts. Over 50 students, including representatives from every class, appeared to give their respective interpretations of Shakespearean art.

It has been decided to hold the play at Holy Trinity Hall of this city. This place has been selected because of the desirable stage accommodations it offers for the presentation of the various scenic effects.

The above-named judges have chosen the following men to interpret the various parts:

Claudius.....John F. Dailey, '24
Hamlet.....Charles E. Clifford, '24
Ghost of King Hamlet—Bernard M. Wagner, '24
Polonius.....James E. McMarney, '25
Laertes, Son to Polonius—Louis B. LaPlace, '24
Horatio.....J. Gibbons Burke, '24
Rosencrantz—Robert Sullivan, '24
Guildenstern—Martin J. Harding, '24
Oriole—John F. Lumbard, Jr., '24
Marcellus—Hugh F. McGowan, '24
Bashard—Thomas F. Callaghan, '24
Francisco.....James F. Lee, '24
Player-King—Denis A. Shea, '27
Player-Queen—Cyril C. Theil, '24
Gertrude, Queen of Denmark—Robert C. Crane, '27
Ophelia, Daughter of Polonius—Edwin A. Cashman, '26

First Grave-Digger—John A. Goodwin, '24

BARON SERGE KORFF DIES SUDDENLY

Russian Nobleman Stricken in Midst of Seminar—Burial at Rock Creek Cemetery Monday. Learned Lecturer Enjoyed Brilliant Career as Statesman and Educator—Fr. Walsh Pays Tribute to Former Colleague.

Baron Serge A. Korff, professor of History in the Foreign Service School, member of the Russian nobility and internationally known as a leader in political science and as a professor of Comparative Government, died from a stroke of apoplexy at his residence in 15th Street last Friday evening. He was stricken in the midst of his lecture in Diplomatic Methods and Procedure at the Foreign Service School, where he suddenly collapsed without warning.

Baron Korff was born in Russia March 4, 1875, received his early education in the schools for the nobility in that country. He graduated in law from the University of Petrograd and taught law in his native country. He was later graduated from the University of Heidelberg, Germany, and only recently received the honorary degree of LL.D. from Brown University.

His father held an office in the Czar's court. Baron Korff, during the early days of his life, was "a gentleman in waiting" to the Czar.

At the time of the revolution in Russia, Baron Korff was appointed vice governor general of Finland, and held that position until the communists secured control of Russia. For a while, during the reign of the bolsheviki, he remained

Continued on page 8

THE LATE BARON KORFF

Doctors who were summoned caused his removal to his residence, where his condition was not thought to be serious. His death occurred, however, within two hours. Prior to the stroke he had been in good health, though his duties had been laborious, and his death came as a shock to his family and friends.

Burial took place Monday in Rock Creek Cemetery, and was private.
GEORGETOWN SCORES IN N. A. A. GAMES

With Seven Entries Blue and Gray Takes Third in Meet. March 6, 1923

Wins Fast 1,000-yard Run Over Brilliant Field—Gast and White Make Second Honors in Same Event.

Gast and White runners participating in the N. A. A. A. championship held in the Regiment Armory, New York, last Wednesday, distinguished themselves creditably. The six members of the Blue and Gray squad collected one first, one second and three fourth places. The latter member failed to place in his event.

Displaying Olympic form, Capt. George Marsters and James Hilltopper, track leader, romped to a conspicuous victory in the 1,000-yard run. Willie Sullivan, another Hilltopper, took second in this event, which was one of the fastest and most thrilling races staged. Abel Kiviat, former record holder for the 1,500-meter event and former national champion, running under the colors of the Wilco A. C., finished third, Ray Baker, crack Illinois A. C. runner, took fourth place, and Lloyd Hahn of the B. A. A. was fifth and Ray Watson, former champion, finished sixth. When the caliper of such runners as Kiviat, Baker, Hahn and Watson are considered, too much praise can not be given to Capt. Marsters and his teammates for their stellar performances. The new national indoor champion in the 1,000-yard run covered the distance in 2min., 17 sec.

In the 70-yard high hurdles event, Kearney of Georgetown, competing against a strong field, took fourth, while Holden, also of Georgetown, took fourth in the 60-yard race run. In the high jump Norton, Blue and Gray star, took fourth. The results of this meet showed that in the rating of track teams Georgetown is second to none. At present the entire squad is resting up preparatory to a strenuous season on the outdoor track.

NEW SOCIETY TO HEAR FIRST LECTURE

The next meeting of the Chemistry Club will take place on March 18, at which time the society will be favored with a demonstrated lecture on "Petroleum Industry," to be given by John J. Miniter, vice-president of the chemistry organization at Georgetown. From all indications the coming event will be something of a treat for the test tube and beaker followers. The feature on "petroleum" covers four reels of film with many colored scenes, depicting in detail the various methods employed in locating oil beds and tracing the precious liquid from the field to the consumer.

The Chemical Society being in an embryonic stage has taken rapid strides towards the foundation of a worthy organization for the chemically inclined students at the Hilltop. Through the constant efforts of the faculty advisor, and the executive committee, the club will have many prominent men in the chemical world come before the society and lecture on subjects of timely importance. Already there has been secured two capable men to lecture to the club on such matters as deal with the Government and the chemical world.

Having drawn up the constitution the society will vote on its merits at the coming meeting and those wishing to apply for membership should hand their names to the secretary of the society before the date of the next meeting.

"Best Paid Hard Work in the World"

I am the way a John Hancock salesman described his work. He is a college graduate and in five years has put himself at the very top of his business. He never yet has called upon a prospect without a previous appointment. The best life insurance salesman today works on that plan, making it a business of dignity, such as any worthy and ambitious college graduate can find satisfying to his mental needs, and highly remunerative as well.

The man above quoted is the John Hancock's youngest general agent. This shows what college graduates of the right type can do in this business, how they can build up earning power and at the same time provide for an accumulated competence for the years to come.

Graduation is a vital period in your life and you are liable to hold to the business you start in. It would be well before making a definite decision to inquire into life insurance as a career. Address, "Agency Department."
Philonomian.

A very interesting debate was held by the Philonomian Society, at the regular meeting last Monday in the Philodemic Room. The affirmative, of the question, "That the Sterling Reed Bill should be passed by Congress," was ably supported by Messrs. Kirwin and Daly, Messrs. Kleincke and Sotille defended the negative side of the question. After an unusually fine exhibition of oratory on the part of Mr. John Daly and Mr. James Kirwin, the decision was awarded to the affirmative and Mr. John Daly was chosen best speaker of the evening. Mr. Frank Murray rendered a very interesting criticism of the evening's debate.

Philodemic.

The Philodemic Debating Society held its regular meeting Tuesday evening, March 4, at which an excellent debate took place on the question, "Resolved, that a decision of the Supreme Court constitutional shall be binding only when supported by the vote of six or seven of the judges?" Messrs. P. C. O'Brien and Sullivan upheld the affirmative side vigorously, while Messrs. John F. Dailey and James Russell defended the negative. The society was unanimous in saying that it was a very praiseworthy debate. The negative side was rewarded the decision. Mr. Dailey was the best speaker after close competition with Mr. O'Brien.

At this stage, we're all set for action!

Just waiting for you Georgetown men to ring up the curtain on everything new for Spring.

Suits cut on easy fitting lines and with trousers fairly wide. Complete with waistcoat and knickers, $57 up.

*Scotch Mist overcoats.
*Solight soft hats.
*Brogue oxfords.
*Spring fittings.
*Quality—the best.
*Prices moderate.

THE HOYA

Published Weekly at GEORGETOWN UNIVERSITY Washington, D. C.

Entered as second class matter Jan. 31, 1900, at the post office at Washington, D. C., under Act of Congress of Aug. 24, 1912. Acceptance for mailing at special rate of postage provided for in sec. 1103, Act of March 3, 1879. Postage provided for in sec. 1103, Act of March 3, 1879. "A School of Foreign Service." Hundreds flocked to his chair at the Foreign Service School, profited by the learning of his lectures. Deeply respected for his abilities and greatly loved for his remarkable character, Baron Korff was popular with the entire faculty and the whole undergraduate body.

Although his labors have been concluded fairly early in the life of the man, they have been so varied in nature and so incapable in character as well as large in number, that his early passing but accentuates their value.

Georgetown mourns the loss of one of the most brilliant among her faculty, and will forever cherish the memory of a great educator and fine character—Baron Serge A. Korff.

Now that some of our friends prominent in scholastic and professional elevens is a knowledge of the need here for a man permanent. He will be primarily an or- leader and mentor. His knowledge of scholastic and professional elevens is ranks, Mr. Little's experience in handling season of 1924.

The faculty and students of Georgetown University extend through the Hoya, their deepest sympathy to William B. O'Ma- honey of the Sophomore Class on the death of his father.

BARON SERGE A. KORFF.
The University was shocked to learn of the death of Baron Korff on last Friday evening. Stricken while in the midst of his lecture at the School of Foreign Service, he died a few hours later from a stroke of apoplexy. Georgetown ex- tends her heartfelt condolences to the wife who ministered to him and comforted him in his last moments.

Baron Korff's demise is mourned throughout the world, for his brilliant activities carried him to many lands. Born in St. Petersburg, Russia, he graduated from the law school of St. Peters- burg in 1899 at the age of 22. Entering the government service in the ministry of finance, he was sent to Japan, Man- chorina, China, and the United States. He acted as secretary general of the Russian section of the St. Louis World Ex- position. He was also engaged as an exec- utive in the Red Cross for a time. When the Peace Conference met in Paris, Baron Korff was appointed assistant governor general of Finland. The revolution in Russia forced his departure to other fields. Coming to this country he became a lecturer and wrote a number of books, the more notable of which were written in his native land and its government.

His literary, diplomatic, and compar- ison government have also been lec- tured in many parts of the country, and at such institutions as George Wash- ington University, Johns Hopkins Univer- sity, and the Institute of International Education. He was appointed professor in 1921 at the request of the Regent and remained here as a member of the fac-ulty.

Edward E. Butler.

There is a great deal of discussion con- cerning the District Commissions who should be heralded as the one who has brought about the most im- pact safer for the pedestrian. There is no discussion regarding Ted Butler’s influence on that safety. In fact, all are unanimous in considering him supreme in his particular line. So when the editor of the Hoya decided that Ted Butler should be interviewed, there was only one way to come into contact with him. This contact was more painful to the scribe than to Mr. Butler. Said contact occurred near the corner of Wisconsin Ave. and Q St., where the newspaper diagrams laughingly mark "the exact spot with ten cents on it.

Once contact was arranged the rest was easy, at least the patient was said to be resting easily, and is now able to give Mr. Butler's views on many things besides on wheels.

The editor's idea of an interview with Ted Butler was to secure some anecdotes, antidotes and analogies of football. Ted's position as Acting Captain of the Varsity team must have fortified him enough to glaringly divulge any of the secrets of his success on the gridiron, and wanted to talk about Florida, Fords, Fun, Frolics, Pri- vileges, Fish, Fan-Tan, Par Rockaway, Philosophy and the rest. When the editor dropped in on Friday, the day of the interview being Tuesday.

In the outset, it would be well to say that Ted Butler is not connected with any Florida real estate concern.

Ted Fitzgerald walked in and started off with many of these. But Ted refused to talk about the Gorham although his bank

ON OTHER CAMPUSES.

When President Brooks took his place at the head of the University of Mis- souri, one of his first acts was to urge parents not to permit undergraduates to maintain automobiles, or to grant an al- lowance of spending money greater than twenty-five dollars per month.

Kansas University recently made use of a new and clever idea when on December from 8 to 10 P. M., she celebrated the first radio university reunion. At that time all the grads within hear- ing distance of the station were invited to come into contact with him. This notice is given in order that the reader may recognize it as satire. "...no further consideration...

BARON SERGE KORFF DEAD
Continued from page 1

in Petrograd. However, it became un-
safe for him to stay there, and he de-
parted, with his family.

Lectured in Three Universities. Baron
Korff had established a long and enviable record as an au-
thority on history, political economy and matters pertaining to affairs of inter-
national interests.

At the time of his death he was a pro-
fessor at Columbia University, where he held a chair in History, and at Johns
Hopkins University, in addition to his work here. He lectured three-
quarters of each week in New York and the latter part in Washington, stop-
ing on his way to Balti-
more.

He was a member of the French Insti-
tute de Droit International, and had also been connected with and well known among national and international societies of learning.

He is survived by his wife, Mrs. Alletta V. R. Korff, who is a daughter of Admiral Van Reypen, of this city, a son and a daughter, and two

On Saturday evening at a dinner given by the Alpha Delta Phi fraternity, the Rev. Edmund A. Walsh, S. J., paid tribute to the mem-
ory of his former colleague, Fr. Walsh said:

"The death of Fr. Korff was an inscrutable shock to those of us who had learned to admire his intellectual capacities and the very
splendid character. He actually dropped dead in the performance of his duty as an educator and a scholar. And there is
for me, especially, a particular poignancy in this sudden taking away of a man who was indomitable and an international authority in his chosen field. At the very moment that Korff breathed his last he was in the act of delivering a lecture to a sympathetic audience in Gaston Hall, Georgetown University, to an audience of the Russian people, particularly of the educated classes. The latter days of our
lamented colleague may be taken as a cross-section of the life of a Russian exile, a victim of the Russian revolution.

Driven from his native land by the fortunes of war, Baron Korff soon demonstrated his qualifications as an authority on modern History, on Diplomacy and Comparative Government, and became
more and more recognized as one of our leading scholars. His services were in demand all over the world—first in the Hague where he figured last sum-
mer among the prominent Americans who lectured on a course in international law, and where he held each summer at Williamstown, Mass., at Johns Hopkins University in Balti-
more, at Columbia University, New York, and here in Washington at the School of Foreign Service.

It was my privilege three years ago to secure Baron Korff to our faculty and each succeeding year made him more respected by his colleagues and loved by the student body. During my stay in Russia, it was my good fortune to find some of the few remaining members of the Korff family, who were living in that distracted land. Some are in Petrograd, some in exile in distant regions near Siberia and some in Persia. I know that these victims of the revolu-
tion were never forgotten by their
"companion and friend, Harry Mahan."

Newly Appointed Georgetown Gridiron Mentor Already Formulating Plans for a Successful 1924 Season—Hilltop Trackmen to Compete in New York K. of C. Meet Friday Night—Varsity and Frosh Diamonds in Full Swing—Target Ridders Doing Well.

BY GORDON BARRY, '25.

Gilbert K. Chesterton at one time remarked about· "adversity" is recorded as having said: "The man who complains of the crumpled rose leaf very often has his flesh full of thorns." While it might not be most fitting to use this quotation, it might safely be said, nevertheless if interpreted in a sense apropos to properly be conjectured. On numerous has his wealth of baseball occur from any necessarily to be unwarranted. It is true the sting sweater is subsequent victory. Of the the history now and will remain as such. The participants should be justly recognized for their efforts and not harshly criticized for what they should have done. Hilltop warriors of the present year in almost every branch of sport will actively get going within the next few days and continue during the rest of the year, without any possibility of defeat being keenly felt, but so much the sweeter for the victory. All athletic contests of the past are history now and will remain as such. The participants should be justly recognized for their efforts and not harshly criticized for what they should have done.

The new grid tutor was culled from a number of applicants. The position was advertised in the press, and the final selection was carefully made only after a period of deliberation that covered a stretch of more than two months. The successful candidate was chosen from a field of close to sixty possibilities. That Little is a well qualified man may be easily seen from past performances and experience. From the year 1915 to 1919 he was a regular lineman at the Philadelphia institution, and during that time considered as one of the greatest for- warders ever developed there. He was chosen repeatedly for all Eastern and All-American elevens. His initial season in college, he was ranked high by the football authorities of New York and Philadelphia newspapers. He played for "Hurry Up" Yost's (Michigan) and the late "Tiny" Maxwell's first choice.

In the earlier part of his career Little was instructed at Worcester Academy in the gridiron art by Frank Cavanagh, present Boston College coach. Bob Fol- well, present Navy mentor; Buck Whar- ton, a great teacher of defense of lines and play; and Harold Gatson were among those who guided him at the Quaker City school.

After being graduated in 1919, Little headed coach at La Salle Prep School in Philadelphia, and his charges suffered but one reverse in two seasons. He then went to the Frankfort Yellowjacket professional eleven, a well known Keystone State outfit. However, the result was that he had more all-American material on it than any other like team. It easily抹 mattresses, and he had critical Middle Western opposition to a national professional championship. On coming to Georgetown, Little will, of course, start all professional connection.

Spring Football Practice to Begin Next Week Says Coach Little

Yearling Nine Out.

Following are the nine steps taken to the progressing Varsity squad, Manager Frank Regan's promising Freshman base- ball eleven, plus the results of last week. For the present at least the Yearlings will confine their practice to the diamond up by the Oblate students. All baseball games, however, will be played on Varsity field whenever possible. Regan has been busy the past few days and over a month in an effort to arrange a snapshot card and has it now ready for distribution. The card will comprise approximately twenty contests with about all the local high and prep schools as well as some college freshmen nine.

Bill Kenyon, 1923 Varsity base captain, has had a great deal to do in the selection of the candidates and appears pleased with the prospects. He should encounter little difficulty in getting selections for the positions in the line that are obtainable for his wealth of baseball knowledge combined with the fact he actually plays in uniform with his proteges will serve well toward this end.

The battery prospects that have been working out in the gym and on Varsity Field with the senior outfit for the past two weeks, indicate fine prospects for the other cub's. Competition of the keenest nature is ruling among the twirlers and backsports.

Among the more prominent candidates for pitching honors are: W. A. Folwell of the Navy, Young of Penn State, Rockne of Notre Dame, Warner of Pitts- burgh, Jones of Yale, and Moran now on the Penn staff. However, it must be said that everyone considered but the candidacy of Little seemed to have met with much more support than that of any other.

The matter of selecting assistant coaches remains entirely in his hands. In all probability, the choice will be made solely on the basis of merit and ability, and a lack of such proficiency is ruling among the participants. As yet no official announcement has been made as to whom he will have.

To Start At Once.

Coach Little paid the Hilltop a visit a few days ago when he inquired as to exactly at that time he would begin spring practice sometime next month. Despite the fact several of the men who will appear in melekoins next fall will be unable to report to him now because of engagements in other branches of athletic competition, Little will have quite a large numbered squad with which to work with. Some of the work-outs will be held on the Fresh- men field from which the outdoor board squad will be soon removed. Which is all to the good. Work-outs will consist primarily of the usual hammering up exercises, lecture about practice, and the development of several play formations.

Spring football practice was inaugurat- ed at Georgetown last year under Jack Maloney. In addition early fall prac- tice was held at the Georgetown Prep School. Whether or not a repetition of this will be seen again this year is prob- ably. At present the most optimistic to this date it would seem likely that the fact itself would demand a somewhat early return. If an easy eleven is booked such might not be necessary. However, the whole thing will be left in Coach Little's hands and until he makes a de- cision nothing definite can be said.

A large number of the 1923 squad are again available this year in addition to the wealth of material that Coach Bill Kenyon's team brought up from last year. Eleven of the several men have been out for track this winter and they will be ready to shoulder the strain. Coach Little in fairly good physical condition. With this view in mind he should lose little time in rapidly getting things underway this spring.

Riffers Encouraged.

As a result of the excellent showing thus far in the Alumni football competition during the past two weeks, it feels more confident than ever of its chances of taking top honors in the have- ent indoor collegiate match the Na- tional Rifle Association is conducting. In addition to making one of the best show- ings of the many teams entered in last week's N. R. A. tournament which will continue this week also, the Hilltop rattle ridders managed to wrest wins from the University of Pennsylvania and the formidable Drexel Institute outfit that has caused the local lads so much worry the past two years.

Though a list with the final results were not to be had this week owing to the absence of Captain William E. Bergin, U. S. A. executive of the club, it is reported that Coach Donahue's men turned in a score sufficiently high to inevitably place them among the leading teams in the country. Should the Army and blue and gray riffers again take first prize this season, it would be a remark- able accomplishment, as never before has any college team won the trophy two years running.

Notre Dame Running G. U.

Georgetown University's indoor track season will be officially brought to a fin- ishing close tomorrow evening when a quartet of 441 men will run in a quad- rangular race over the 1,600 meter route for the Catholic Championship of America at the N. Y. K. of C. games. The competing teams are Georgetown, Holy Cross, Notre Dame and Boston Col- lege.

A letter received by Mgr. Matt Sullivan from Mr. James A. Taylor, assistant to the president of the I. C. C. A. A. C. contained the following quotation: "Many years ago I ran a half mile and my par- ticular delight was the two-mile relay. I ran anchor in from 25 to 30 races. I have never seen any running prettier than Marsters last Saturday. We want to con- duct graduate both you and him on your splendid victory. Would ap- preciate having a copy of data on Marsters as I am particularly interested right now in getting same for the Olympic Committee."

Georgetown did not have its fullest strength at Philadelphia, but, nevertheless, lost, and because of this is especially anxious to retrieve itself tomorrow night in the big 22nd Armory in New York City.

The appearance of Kenne Rock's one and only appearance in this special event, which will be one of the features of the evening, will mark the initial showing the trackmen from South Bend in these parts.

TRACK TEAM SCORES
IN PHILADELPHIA
Blue and Gray Track Team Participates in Philadelphia Meet.
Estevez Wins 1,000-yard Handicap.

The Georgetown Track team was fairly represented last Saturday night, at Philadelphia, when they participated in two events and secured places in both entered. Having just returned from a trying and worthy track spin in New York, Coach John O'Reilly deemed it wise to retain some of his men in resting quarters for at least a few hours.
The Hilltop lads were entered in the 3,600-yard relay against Holy Cross, University of Pennsylvania and only the effort of Tierney, world's 500-yard indoor champion, did the Holy Cross man nose out Gegan at the tape by a few yards.
The race offered one of the most thrilling contents of the evening. It would take more than a prophet to predict the outcome of the 2,400-yard grind. The deciding issue did not come until the tape was almost reached in the final lap, when the Worcester College man made the grade by a scant yard.
The Georgetown team was called upon in an unusual distance with only six hours' notice, and sorely missed Captain Marsters, who had gone to compete, for the first time since he entered Georgetown, in his home town in Portland, Me.
Another feature of the meet was the surprising manner in which Louis Estevez of Georgetown stepped out and captured the ''Martin's'' 1,000-yard handicap.

"It's on even when it's off"
(Does this slogan about the Hinge-Cap deserve a prize?
If not, what better one can you suggest? Read our offer)

$250 in Prizes
For the best sentence of ten
words or less on the value
of the Williams-Hinge-Cap,
we offer the following
prizes: 1st prize, $100; 2nd
prize, $50; two 3rd prizes,
$25 each; two 4th prizes,
$10 each; four 5th prizes,
$5 each. Any undergraduate or
graduate student is eligible.
If two or more persons
submit identical slogans
deemed worthy of prizes,
the full amount of the prize
will be awarded to each.
Contest closes at midnight
March 14, 1924. Winners will
be announced as soon as
possible. Submit any
counterparts but
write on one side of paper
only, putting name, ad-
dress, college and class at
top of each sheet. Address
letters to Contest Editor,
The J. B. Williams Co.,
Glastonbury, Conn.

SODALITY SERVICES TO BE CHANGED

The Rev. Arthur J. O'Leary, S. J., Moderator of the Sodality of Georgetown College, announces that the usual Thursday night services will not be conducted during the Lenten period but instead the Stations of the Cross will be observed. This is a very devout custom which has been faithfully attended to in the past by Hilltop students and it is the hope of the new Moderator that the devout practice will be as ardently maintained this year.

The yearly Novena conducted in honor of St. Francis Xavier, which has just been brought to a successful termination, was met with a hearty response by the student body, which gave great pleasure to those in charge of the exercises.

The dinner given at Bartholdi's through the Hoya, by Mr. Bert Olmstead, is awarded this week to Mr. Roland Leighton of the Senior Class.
