SOPHOMORE TEA DANCE TOMORROW!!

FUTURE HEAD OF ATHLETICS

By JOSEPH D. PORTER, '28.

The much-mooted compulsory athletics leaves the hallowed atmosphere of the debating halls to be put into actual prac-
tice here at the Hilltop. Of course, much manly prowess will be brought to light, but the strenuous life will un-
doubtedly go hard with some at first.

John D. O'Reilly, who for a number of years has coached basketball, base-
ball, and track, is now to devote his attention entirely to track. Since he has achieved such brilliant success when his attention was divided among three sports, how much more brilliant must his success be when his attention is concentrated upon one sport?

The boxing team, in meeting Navy last Saturday, made a creditable enough showing, when we consider that it was their maiden appearance, and that Navy held the Intercol-
legeiate Boxing Championship last year.

The rifle team continues to bang away, this time winning over V. P. I. Say what you will, the boys are good, and their matches with the deadshots of other colleges should add much to the success of the military element.

Last Monday night the 1-mile relay team ran in the fastest time for the event this season; and, just to finish off the evening in good old Georgetown fashion, and Wildermuth won the 60-yard invita-
tion dash, beating four of the best sprinters in the country. Wildermuth, by the way, made the all-American schol-
astic track team last year.

The Alpha Chapter of Kappa Alpha Phi, a Foreign Service School fraternity, establishes a special prize for the best paper on Commercial Policies and Treaties. As the prize is to be a bronze and mahogany shield with an appropriate plaque at-
tached, competition for it should be keen, indeed.

Eddie Swinhorne, who had quite an active part in the setting of two world's relay records, is paid tribute in this issue for the most outstanding of his achievements. A very valuable man is Eddie, who at times has somehow not received the credit that was due him.

And just a hint to the wise gentry. That mysterious gentleman entitled Ye Prophetic Scopic has suddenly reappear-
ed, and in his own sinister way he has intimated that he will do his most sagacious stuff for an early issue.

COMPETITIVE DRILL

Army Unit Holds Competitive Drill—Best Drilled Company to be Selected Each Week in Preparation for Review.

To increase interest in military training, during drill periods, competitive drill between the companies of the R. O. T. C. Battalion was held last Thursday after-
noon. Company A, commanded by Capt.

John E. Shea, won the afternoon's contest with Company B finishing a close second. This competitive between com-
patsy, Paul H. Coughlin, during the past three months, and the officers are of the opinion that this will be an aid in pre-
paring the unit for the national inspection.

The companies were judged by their appearance, while dressing, in which the following points were given: for judg-
ment, correct cadence was a necessary element. The clearness and timeliness of the commands; the duties of guides; squad pivoting, and the moving off of the squad were correct, and all taken into consideration. Other points noted were the carriage of pieces, military bearing, covering off in ranks and correct dress in line.

The judges were Capt. Lt. Col. Wil-

Owing to inclement weather the unit has been retarded in their preparation for the numerous events in which they are obliged to take part each spring.

FOREIGN SERVICE PRIZES AWARDED

Trainor and Coughlin Lead in Competition in Professor Mat-
ter's Course.

The officials of the School of Foreign Service are pleased to announce that the first prize in the course in Statistics was awarded to Mr. J. Raymond Trainor—a member of this year's graduating class. The prize consists of a three-year's paid subscription to the "Nation's Business," an official organ of the United States Chamber of Commerce and was to be given to the man obtaining the highest average during the entire semester in the course of Statistics.

The second prize—a book on "Population and its Distribution"—was won by Mr. Timothy O'Reilly finishing out the present season.

ge
A WORTHY DEBUT

Saturday night's boxing match between the teams of Georgetown and the United States Naval Academy, gives promise that Georgetown in the not far distant future will occupy a somewhat prominent position in this, her latest branch of athletic endeavor. Making its debut in intercollegiate boxing circles as it was, and with but three scarce weeks of training, the splendid exhibition of Georgetown's Boxing Team, at Annapolis, reflects great credit upon the squad members and their student coach, Mr. Alston Cornelius Calhoun.

Meeting the intercollegiate championship team in one's debut in a certain sport is no mean chew to bite off, but when that team gives an account of itself such as did Georgetown's, on Saturday night, we can find nothing but the greatest of pride in their efforts. In the seven-bout match the Georgetown team won but one bout, mention of which may seem to be striking a sour note, but from another viewpoint will occupy a somewhat prominent position in this, her latest branch of athletic endeavor. Making its debut in intercollegiate boxing circles as it was, and with but three scarce weeks of training, the splendid exhibition of Georgetown's Boxing Team, at Annapolis, reflects great credit upon the squad members and their student coach, Mr. Alston Cornelius Calhoun.

With the experience gained in the Navy match as a valuable asset, and the spirit and will-to-win which we know that each and every member of the team possesses, we look for excellent accomplishments from the Georgetown mittmen in their next start, and would like them to feel as we feel, that the student body is behind them a man.

COMPULSORY ATHLETICS

The past week witnessed the inauguration of a new system in the Department of Athletics at Georgetown University. Beginning with the new semester, athletics are to be compulsory at the College, and every student must take part.

This plan has in view greater and better athletics for Georgetown. It means that every individual will be probed for his talent in the physical lines as well as the mental. The latent ability that has been going to waste simply through lack of energy and ambition, a disease common to many college men, will be given an opportunity to air itself. In this way there will be a larger field of material for the coaches to select from and many new stars in the several branches of sports.

This plan of compulsory athletics will induce individual competition between members of the student body as a whole. The teams will include a larger representation, and since each man will take a personal interest, it will mean universal cooperation from the residents of the College.

SOLIDARITY

The Georgetown rifle team made a successful entry into the league A match by defeating the Virginia Polytech. Institute team with a score of 1406 to Virginia's 1394. This league consists of the eight best college rifle teams in the country.

A second match was fired with the Carnegie Tech gunners, in which the Blue and Gray representatives rolled up a score of 1386, the highest fired so far this season. As results have not as yet been obtained from Carnegie, no decision was made. Another league match will be fired during the coming week with Penn State.

The schedule for next week provides for one of the heaviest of the season. Among our opponents will be the University of Washington, John M. L., Lehigh, West Virginia and Oklahoma.

RIFLE TEAM SCORES WIN OVER VIRGINIA

Blue and Gray Sharpshooters Score Win Over Virginia Polytech Institute—Will Fire Five Important Matches During Coming Week.

The Georgetown rifle team made a successful entry into the league A match by defeating the Virginia Polytech. Institute team with a score of 1406 to Virginia’s 1394. This league consists of the eight best college rifle teams in the country.
WITH THE DEBATEERS

PHILONOMOSIAN

Mr. Theodore Schlotterer, of the class of '27, was elected president of the Philonomosian Society at their first meeting of the new semester, last Monday evening, in the Philodemic Room. The other officers are: vice-president, Mr. Charles Ginocchio; Secretary, Mr. Russell Meyers; '28; Treasurer, Mr. Wallace Garner, '27; Censors, Mr. Lewis Martaugh, '27, and Mr. Edgar Shank, '28; Amanuensis, Mr. Marcus Woltring, '28.

Immediately after his election, Mr. Schlotterer took the chair, which was held during the first semester by Mr. William Hinchliffe, and thanked the members of the society for the honor they had given him. He also urged the members of the society to cooperate with him and to make this semester a banner one in interest and attendance. A rising vote of thanks was noted and accorded the outgoing administration.

A general discussion of various matters of interest to the society took place at the meeting. The Philonomosian cup debate was proposed for the week following next, and a committee was appointed to attend to the various details of it.

The other officers are: vice-president, Mr. William K. Gallaghcr; Secretary, Mr. William K. Galloghcr; Treasurer, and Mr. William Rowan will preside as secretary. The office of censor, which is the position of the officers, is a position Freshman is eligible, was the prize of Mr. Robert Perutz.

Mr. Edmund Lawell, S.J., the society's moderator, briefly addressed the members, and then announced the subjects of the two ensuing debates, and the names of the men defending the respective sides.

On the evening of the 17th the topic for the debate, and complemented the candidates on their excellent showing, which augurs well for the future of Georgetown in the debating field.

The remaining time before the debate will be spent in an intensive study of the question. In order to bring the topic into a clearer light, a preliminary debate on the question will be held at the next meeting of the society on Wednesday evening, John Leverman, '29, and Fred Schlafly, '30, will present the arguments of the negative. The debate is to be held in Gaston Hall, Sunday afternoon, March 6.

The passing of the Juniors was worthy of commendation and shows that they are fast developing into a well-oiled machine, despite the fact that they say they use nothing on their hair except aqua pura.

Score 3 to 2 at Half Time, But Winners Take Life in Second Period—Heffron and Carroll Stand Out for Third-Year Men, with Kelly Starring for Years.

After seemingly enjoying a late sleep throughout the first half, the Juniors came back strong in the second half of their basketball game with the Frosh B. S. I. on Sunday morning, and defeated the youngerals handily, 14 to 7.

In the first half baskets were scarcer than athletes getting A in Geology. The score at half time was 3 to 2. It sounds like a baseball game, without the scandals. But in the second half the Juniors, strengthened by the addition of Grisby and Slazosky, quickly drew ahead of their rivals and left no room for doubt, even for a second setback.

Kelly of the Frosh played a very good game, as did Clemente of the same outfit, but they were weakened considerably in the final stages.

But, as contracted with the Frosh, the Juniors grew stronger as the game progressed. (Of course Yeast.) Heffron, Carroll, and Slazosky each tallied twice while O'Donoghue rang up the other two points.

The passing of the Juniors was worthy of commendation and shows that they are fast developing into a well-oiled machine, despite the fact that they say they use nothing on their hair except aqua pura.

The Orange men didn't have a show after the first half, because it's the green above the orange every time.

John D. O'Reilly Relinquishes Reins of Baseball and Basketball Aggregations

Move Made in Conjunction with Resumption of Athletics-for-All Policy—Will Continue as Head of Track Team—Successors Not Yet Chosen—Silver Fox Has Accomplished Wonders in All Three Sports—Grave G. U. Intercollegiate Championships.

Announcement was made last Sunday by the University officials that at the end of the current basketball season, John D. O'Reilly, dean of the athletic coaches at Georgetown, will be relieved of his duties as coach of the basketball and baseball teams and will devote his entire energies to the development of the track team. This change is made in connection with the plans of Father Parsons, S. J., for the resumption of the pre-war plan of compulsory athletics. The new system, details of which have not yet been worked out, is due to go into effect next September.

The plans for the new athletic policy call for separate coaches for each of the major sports as well as additional instructors for the minor sports. At the present writing, Mr. O'Reilly's successors at the baseball and basketball posts have not been named.

The removal of Mr. O'Reilly will make this spring the first time in thirteen years that Georgetown has not been placed behind the fence. Although the University's record has not yet been under the guidance of the "Silver Fox," it is thought that the team has shown more activity than ever before. Our first-year boys have demonstrated real Georgetown spirit and have brought honor to the name of the university. Marine has shown his prowess in the hurdles, while Hartnett and Haggarty have established themselves as good shotput men. Three of the varsity players, all of whom have shown great promise, have been of the A-number-one variety. Jimmy Connolly Intercollegiate half-mile champion. Bill Dowdifying Intercollegiate broad jump champ. The Hilltop made its debut in collegiate competition. But Georgetown has been held in check by the heavy favorite to win the event, a formidable team from the University of Virginia.

Champions in 1922.

In 1922, Mr. O'Reilly coached the only baseball team that ever received universal recognition as Intercollegiate Champions. In the years before and since then, the critics have never been able to come to a unanimous agreement about the championship. But Georgetown has always been rated very close to the top. Several of O'Reilly's pupils have advanced to the Big Leagues, and more are with class AA minor league clubs. Among the former George- town players who are now in the professional baseball are Paul Florence, Bob LeGendre, Jimmy Connolly, Jimmie Burgess, Bill Dowdying Emerson Norton. He is now looking forward to sending a second team to the Penn Relays, but he has developed since that period. He has been extended to his limit, but he has had to stop at a lively rate to shake off the persistent challenges of Frank Burns, who has been of the A-number-one variety. The Blue and Gray middleweight, brought him a foot behind scratch, and so on, almost ad infinitum.

Two More Annexed by Frosh Cagemen

Beat Eastern High, 55-17, and St. Mary's Celtics, 39-30. In the light heavyweight feature Lillich, from Navy, outboxed Haggerty, Georgetown, when they set their world's indoor record for 1924. They also set their world's indoor record for the 1924 Olympic Games. They were defeated by Georgetown in the 1924 Olympic Games. They were defeated by Georgetown in the 1924 Olympic Games. They were defeated by Georgetown in the 1924 Olympic Games.

When it comes to running, Eddie is a very fast little man. His speed is due to his long stride, and he always comes in at a good pace. His form is better than his record, and he is capable of improving his time. He has been trained for this class but because he has been several pounds over weight he was disqualified and could not fight. In the final round, the referee feature Lillich, a Hilltopper, got in the way of a lucky left to the head. Lillich fell flat on his back, and as he was in a swoon and although he arose in time very groggy and the referee gave Cole- man naval. The Frosh quintet continued their success by snapping their ninth and tenth consecutive victories at the expense of Eastern High, 55-17, and the strong St. Mary's Celtics, 39-30.

The Frosh quintet continued their success by snapping their ninth and tenth consecutive victories at the expense of Eastern High, 55-17, and the strong St. Mary's Celtics, 39-30.
Tonight the basketball team plays its last game of the season on the local floor.

In their practice sessions, since the New York U. game, they have been flashing a style of play vastly superior to their exhibitions all season. If they start going tonight, rooters will see a sight that will make up for those four straight losses that they suffered.

Jack Pfluein, who made athletic history during his stay at Georgetown, visited Washington last Saturday, as coach of the St. Bonaventure foxes. Jack was one of the greatest of Georgetown's long line of great athletes. His play at halfback merited All-American selection which he never received. There were few college men better than he at third base, and he was one of the best forwards in the game of basketball.

It is hardly too early to start talking of Georgetown's chances at the Intercollegiates. On Saturday they will be only two short weeks away. The board track is fairly burning up with excitement. The big question seems to be: Will we have a 2-mile relay team? If so, who will be on it? Who will represent Georgetown in the mile run? If so, who will be on? It is almost certain that we will have no entry in the 2-mile run.

BURGESS SCORES TWO VICTORIES IN SPECIALS

Becomes Double Winner of "Suburban Quarter"—Shows Heels Twice to Helffrich and Lally—Cooke, Robertson, and Gilson Also Bow—Time for Quarter Was 51 Sec.

The past week has been a busy one for Captain Jimmie Burgess. Before he ran anchor on the relay team on Monday he had gotten himself into first-class shape by winning two feature events. The first was the 220-yard special at the Newark club games last Wednesday, and the other was the famous Suburban Quarter at the Knights of St. Anthony games in Brooklyn on Friday.

At the Newark affair Burgess jumped into the lead at the crack of the gun and was never headed. In the last 50 yards he staged a spectacular sprint down the home stretch with Johnny Gibson of Fordham and breathed the tape a scant yard ahead of the Maroon lad. During the race he fought off challenges by Allan Helffrich and Vincent Lally, who finished third and fourth, respectively. George Stevenson, of the Illinois A. C., finished last. Jimmie's time was 1:02 2-5.

In the Knights of St. Anthony games on Friday Jimmie made his niche in the hall of fame a little deeper, for he joined the select few who have been double winners in the Suburban Quarter. In this race he missed out in the scramble for the pole and stayed in third place for the first 220. He then came out and fought. Then he set the pace. Lally, who was leading his way past Helffrich who was second, taking the pack, and after a nip and tuck race with him down the home stretch Burgess threw himself across the tape a scant foot ahead of the K. of C. man. The winning time was 51 seconds. Ray Robertson, of B. A. A., was third, a step ahead of Helffrich, and Cecil Cooke, of Syracuse, brought up in fifth place.

GOOD MARKS AGAIN SET IN HANDICAP MEET

Shevlin Features with Jump of 22 Ft. 5 In.—Wiesser Nearly Vaults 13 Feet; High Jumps 6 Ft. 1 In.—Adelman Wins with Both Weights—Kaiser Turns In Fast Half-Mile.

Last Saturday's regular weekly handicap meet witnessed some more excellent performances on the part of the Hiltop exponents of Mercury. In every event marks were set that would give their holders exceptionally high ranking in the average indoor meet.

The feature of the meet was Joe Shevlin's record in the broad jump. Joe turned in a leap of 22 feet 5 inches to win over Bill Dowding, our Intercollegiate champion. Bill, however, has not yet reached his top form, nor will he be at his best until a week or so before the Intercollegiates, the big winter objective. Another great performance was that of Fred Wiesser, who took first places in the pole vault and the high jump. Fred vaulted 12 feet 6 inches without apparent difficulty, and then set the bar at the ambitious height of 13 feet. Three times he went over at that height only to have his arm or his shoe tip catch the pole, and then he had to drag it down with him. Fred also took honors in the high jump with the great mark of 6 feet 1 inch.

Dave Adelman was also a double winner, taking the shotput with the good record of 43 feet 4 inches, and the 35-pound weight throw with a heave of 40 feet 4 inches. "Texas" Crouch showed great staying powers and no little speed when he ran the three-fourth mile in 3:17 1-5. Jimmy Connolly paced the boys in this race, and they stuck with him admirably. John Carney also showed well.

His honor, old Squire Pipe is unquestionably the world's ablest judge of pipe tobaccos. Who else is by nature, training and experience so well-qualified to try a tobacco and hand down a decision on it? So, in the case of Granger Rough Cut, the plea is that Judge Pipe's verdict be accepted as final!

To make a long brief brief: Character witnesses everywhere have sworn to Granger's sterling quality. Experts have vouched for the superiority of its rough cut. Chemists have testified that the new "glassine-sealed" foil-pouch keeps the tobacco in perfect condition.

Finally, it has been shown that by using this foil-pouch (instead of a costly tin) it is possible to sell Granger at just ten cents. On these arguments Granger rests its case! A couple of pipefuls will convince Squire Pipe that it is the world's greatest pipe tobacco... and any good judge of tobaccos will confirm the decision!

GRANGER ROUGH CUT

The half-pound vacuum tin is forty-five cents, the foil-pouch package, sealed in glassine, is ten cents.

Granger Rough Cut is made by the Liggett & Myers Tobacco Company.

PAPERS READ AT MEDICAL SEMINAR

Dr. Weems Presides—Visitors from Illinois Were Present.

The medical seminar for the Junior-Senior Classes was held on Saturday afternoon, February 5th, at Gallinger Hospital, with Dr. Benjamin F. Weems, president.

Mr. Julius Cogan, of the Senior Class, presented a case with a well marked psychosis and mental symptoms predominating. Mr. Raphael Mangano presented a post-mortem report on a previous case. Mr. William W. Corbett presented a case of cardiac involvement with the weight of evidence suggestive of aortic regurgitation.

Dr. Weems introduced the students who were to read papers and discussed each case. Dr. Wilfred M. Barton, Dr. William P. Argy, Dr. Hyden and Dr. W. M. Petty discussed the cases and brought forth many distinctive features of the diseases in particular reference to the actual cases. Dr. George M. Kober extended his congratulations to the students and his appreciation for the work and interest of the medical faculty.

The occasion was made noteworthy by the presence of a number of physicians of the "Illinois Clinic Club," who were visiting Washington and desired to see Georgetown and attend some of the clinics.

SENIOR PINMEN PREPARE FOR JUNIORS AND FACULTY

The Senior bowling team is holding secret practice about three nights a week, and is rapidly approaching the mark of perfection. Billy Rubin, head coach of the team, is drilling his warriors for the coming fracas with the Juniors and the Faculty.

The management of Recreation has requested that the Seniors, particularly the tall fellow who has great difficulty with his L's, refrain from burnishing down the "kinks" on the pin-boys' heads.

RICHARD MUDD GETS HIGH HONORS IN MICHIGAN EXAMS.

Word was received at Georgetown, during the past week, that Dr. Richard D. Mudd, Class of '26, had passed the Michigan State medical examinations with an average of 87 per cent, the third highest. Dr. Mudd is at present internning at the Henry Ford Hospital, in Detroit.

DELTA SIGMA DELTA

At the last meeting of the Delta Sigma Delta fraternity, final arrangements for the annual closed dances were completed.

The committee in charge of the affair consists of: Christopher Hand, ’27, chairman; Pasquale DeNicola, ’27; George Ryan, ’27; Noel Narcroon, ’28; Kenneth J. Hayes, ’28.

The dance is scheduled for February 21st and is to be given in the main ballroom of the Lafayette Hotel. Bryan Hughes and his orchestra will furnish the music for the occasion. All the Delta are looking forward to the affair with keen interest.

CONCALLY AS A WRITER

Much praise and credit must be given our worthy classmate Bill Connally, who wrote the "Good Ship Navicular." It is our ambition that Bill will permit us to have said story published in the Hoy.

We are sure other medical and dental students will enjoy the reading of it. What say, Bill, will you give it to us?

NEW PLAN FOR PROSPECTIVE MARKS

During the past week Dr. Carl Mess told the Freshman Class that starting this week, a new plan will be used in the marking of all Prosthetic work. Besides receiving the O.K. of the professor in charge, they will likewise receive a mark on the work, thereby helping the student to realize whether he is on dangerous ground or working up to standard. The new plan was discussed and the students were given their class marks.

PLANS FOR ANNUAL FROSH DANCE

During the past week, the Freshman Dental Class held a meeting. At the meeting a report was given with regard to completion of arrangements for their annual dance. The committee has decided to run the affair immediately after the Easter holidays. They have also been thinking seriously of making it a "barn dance." It is believed that this will be welcomed by many, as the sport dances have not been featured much at the Hilltop or Dental College. They expect this will be a feature affair and will be registered in the annals of the William and Gray University as one of the best, if not the best, dance ever run by a Freshman class.

What's Your Yearly Shoe Bill?
Add it up for yourself. Very likely you'll find you're paying entirely too much for footwear and it's not looking really well-dressed. It's the winter season. Suitable shoes are not available in the average shoe store. The new Season's merchandise must be purchased and there is no time to lose. We advise you to see your regular shoe merchant and select the best quality that fits, and we will guarantee satisfaction. We are associated with several of the highest grade manufacturer houses in the world. Our prices are the lowest. We have a large stock of all kinds of shoes. Visit us. We will give you a fair deal. We are located at 1001 F STREET, N. W. and will be glad to serve you.

DR. E. C. HUNTER SUCCUMBS

Dr. Edwin C. Hunter, Class '03, died during the past week at his home, 131 A St., N. E., from heart disease. Dr. Hunter was assistant medical examiner of the Pennsylvania Railroad, and medical examiner and assistant surgeon of the Washington Terminal Co., R. I. P.

ILLINOIS CLINIC CLUB VISITS HERE

The members of the "Illinois Clinic Club" were visitors to Washington during the past week, and were guests of Dean Kober and Father Didusch, S. J., at several of the Georgetown clinics.

They attended a special lecture by Dr. William A. White on Saturday morning, and a post-mortem conducted by Dr. Walter Freeman. In the afternoon they journeyed to Gallinger Hospital and attended the monthly seminar of Dr. Barton's.

Now, that the new regulation forbidding absence from class under any circumstances has become effective, a young efficiency expert comes forward to ask what will become of all the unused excuse blanks the office has on hand.

Unfair discrimination in publicity is charged by one Foreign Service man who declares he has seen several men's names on the bulletin board followed by large red letters. He wonders, also, why these students should want to be "incorporated". No doubt about it, that's what it says, —INC.—Incorporated.

An appealing ballad was rendered by an unnumbered chorus at the last inter-fraternity dance. The vocalists, garbed IN TUX, put over an old favorite—"Although You Belong to Somebody Else, Tonight You Belong to Me."

IT CAN BE DONE
No man is indespensable. No job is ever filled by its only master.

The work of turning out a page of material that is fit to print, and, moreover, eagerly read, is one which no one individual can hope to do to everyone's approval or his own credit.

The staff needs your cooperation without any personal sacrifice. First, read the HOYA (which implies a purchase), and, second, drop a few lines of news in the contribution box. If you don't find the news you seek, then let us know about it or write something yourself.

Somebody is going to: Have a party, sell his car, leave school, flunk, get elected, have the most absences, write a poem or get drunk next week. That's news to most people, even if it's not to you. Let's hear it.

Delta Sigma Pi
INITIATION BANQUET
The largest class of neophytes ever to enter the local chapter of Delta Sigma Pi, joined with their older brothers in celebrating the end of a three-months' pledging period at a banquet last Saturday evening, at the Hotel Roosevelt.

"RUSHING" SMOKERS UNDER WAY
The second smoker of the new semester will be given by Delta Sigma Pi, at its home, 1300 New Hampshire Ave., Friday evening, at 9 o'clock. Arrangements have been made to have as guests of honor, Dean Thomas H. Healy, Col. Gregor, and Lieut. Jean J. Labat, all of the Foreign Service School. The committee reports an entertaining evening is in prospect for the fraternity's guests and hints that a surprise is in the offing.

THE HOYA
Father Walsh said that one of the first undertakings of the association will be to arrange for a student exchange plan for Russian youths that will provide education in American Catholic colleges. While the $1,000,000 received so far will provide for the initial charitable and welfare projects of the association in Turkey, Armenia, Greece, Palestine and Russia, the appeal for members and contributions will continue until adequate support has been obtained for the entire program. The directors of the association are Cardinal Hayes of this city, Cardinal O'Connell of Boston, Cardinal Dougherty of Philadelphia, Archbishop Glennon of St. Louis, Archbishop Hanna of San Francisco and Bishop Lillis of Kansas City.

Swinburne Compiles Record

(Continued from page 4)

did 1:53 3-5 to beat him out by an eyelash. Next day Eddie came back in the quarter to help Georgetown retain the one-mile college relay championship of America. The next month he won the half mile in the dual meet with Navy and went up to the Intercollegiates and qualified for the half there. He failed, however, to place in the final.

This year Eddie is again on the mile team which owes no small measure of its success to him. On two occasions he has run the quarter in 51 seconds and last Monday his time was 50 1/5.

P. A.

BLOND gentlemen and dark-haired gentlemen, diffident* freshmen and august seniors... Prince Albert is the overwhelming campus-favorite of every type and every pipe. (Yes, the pipes do have a voice in the matter. They can act in a docile, friendly manner or they can be mean. It depends on what you feed them.)

Open a tidy red tin of good old P. A. That first fragrant whiff will tell you why gentlemen prefer Prince Albert. Tuck a load into the bowl of your pipe and light up. Fragrance and taste alone are enough to win you.

But P. A. doesn’t stop there. It is cool-smoking. It is mild as Maytime, yet it has plenty of body. It is kind to your tongue and throat. You can hit it up all you like and it never hits back. Try a tin of P. A. You’ll certainly prefer it after that.

PRINCE ALBERT

—no other tobacco is like it!
