ANNUAL RETREAT TO BEGIN NEXT WEEK

Exercises for Students to be Directed by Fr. Devlin, Fr. Treacy and Fr. O'Malia

The annual retreat for the student body of the college will take place next week. The exercises for resident students will be under the direction of Rev. William Devlin, S.J., and will be held in Dahlgren Chapel. Rev. Gerald C. Treacy, S.J., will direct the retreat for non-resident students, and Rev. William Devlin, S.J. During the week, also, Rev. Miles J. O'Malia, S.J., will give a series of talks on "Life's Moral Problem" to the non-Catholic students.

Father Devlin comes to us from New York City, where he is rector of the Church of St. Ignatius in Park Avenue, and also has charge of Regis School and Regis High School. He is a former president of Boston College and was at one time rector of the Jesuit Novitiate of St. Andrew-on-Hudson, Poughkeepsie, N. Y. Father Devlin is an earnest and forceful speaker, and will give an interesting and profitable retreat.

Father Treacy

Father Treacy is at present stationed at St. Joseph's College in Philadelphia. He has, in several cities, made a specialty of retreat work. He was for years director of retreats at Mount Mauraes, Staten Island, N. Y., the largest of the retreat houses of the Society of Jesus in this country. He was also connected with the retreat house at St. Mary's, The Sevren, at Annapolis.

The directors of the college regard the retreat given by Father O'Malia as the most important period of the year for the entire student body. Therefore, great importance is attached to the retreat given by Father Devlin and Father Treacy will be major founded on the Spiritual Exercises of St. Ignatius. The value of these exercises has been attested by leading Catholics of every race and clime. A great Pope, Leo XIII, in speaking to the clergy of his native diocese, thus stressed their power and efficacy: "I have striven in many ways to be of service to my birthplace, but noth­ing possible for the clergy to follow the Ex­ercises. What I can never forget is, that proved a greater boon, and, for myself, a greater comfort, than to have made it...

SPORTS STAFF

During the past week, the students here at the Hilltop held several pep rallies in preparation for the Georgetown-Mt. St. Mary’s game, which has since been played and won nobly and successfully by our “Hoyas.” These members of the student body who were at the game, and that means everybody with spirit, gave a fine exhibition of their sincere belief, not only in the outcome of the contest itself, but also in their attitude towards the game which was gained, and manifested their encouragement when certain plays failed to function. All in all, there was sufficient evidence at the game that the students were with and for the team of Georgetown.

However, getting back to the pep rallies which are frequent in the quadrangle before any Georgetown conflict, we find a somewhat different attitude prevailing. Some may feel that what I intend to say is on an old and stale theme, tending only to criticize and discourage. On the contrary, these words are meant to be neither belittling nor discouraging. They are meant to be an incentive for some few on the campus here who have failed to realize that there is any such thing as “Spirit.” At this time I believe that they are quite pertinent.

At these initial rallies, there has been observed an aloof attitude on the part of some, similar to that of the past two or three seasons. There are some among us who seem to believe that the remarks made by the principal speakers on these occasions, are addressed only to the freshmen. Perhaps this misconception comes from the fact that the freshmen are newcomers here at school, whereas we have heard such remarks before, whether we have heeded them or not. And then, there are those who stand idly around silent themselves while urging the blue and gray-capped youngsters to exercise their lungs. And lastly, there are those who do not even deign to put in an appearance at these gatherings.

Such is the good and wrong and the sooner it is realized the better. The school authorities have done, are doing, and will continue to do all in their power to restore Georgetown to its former prestige in the athletic world. The players, we know, have always and will always give their best. The coaching staff is in this struggle to realize this objective. Vigilance committees as such have definite duties. Their’s is the special charge of the Red Cross, and it is superfluous to mention the splendid mission in which that organization is succeeding in carrying out this most difficult mission.

AN APPEAL TO GEORGETOWN

It is a fact known by everyone that the American Red Cross is the official relief organization of our nation, both in time of peace and war. It is equally well-known with what unsflagging efficiency this society carries on its humane work. In many areas of economic depression and post-war unemployment, the Red Cross has given direct relief to one out of every five persons in the United States—victims of unemployment, drought, tornado, earthquake, and other similar catastrophes. The Red Cross has spent many millions of dollars in giving our more unfortunate food, clothing, housing, medical care, and in helping them to a self-sustaining livelihood. The Red Cross has given Life Saving and First Aid courses to more than a half a million persons in an attempt to lessen accidental deaths and injuries. The Red Cross is probably the greatest benefactor of the blind, for it has had re-produced in Braille practically all the well-known works of literature and publications. Furthermore, it has taught many thousand sightless persons how to read Braille. The care of the sick and disabled veterans and their dependent families is an important charge of the Red Cross, and it is superbly handled in the splendid manner in which that organization is succeeding in carrying out this most difficult mission.

However, all this humanitarian work costs money, and the Red Cross has no source of income other than the donations which its members give out of the generosity of their hearts. It is for this purpose that the District of Columbia Chapter of the American Red Cross appeals to each individual Georgetown student to enroll himself as a member of that admirable society. On the day following this issue of The Hoy, a roll call blank will be placed in the postoffice box of each student. The Red Cross requests each one to fill in these slips and turn them in to the office of the Prefect of Discipline. It is not at all necessary to contribute a large sum. Any amount, however small, will be greatly appreciated.

WE HAVE A VIGILANCE COMMITTEE

Believe it or not, it’s true. Only familiarity with Hilltop tradition would lead one to this realization. Activity on the part of the designated vigilance committee of this year is conspicuous by its absence. It might be a well-intentioned move to institute this committee to instill in this Freshman class a right to the title so often bestowed upon students of this University, “Gentlemen of Georgetown.” By the time of the next publication of The Hoy, we trust that this matter of enforcement will have been taken up properly by those to whom it belongs; and that no slackness may enter into the hearts of those whom the whole University has entrusted with this time-honored custom.

Vigilance Committee, Georgetown expects of you the vigorous enforcement of the Freshman rules!

Freshmen of spirit, cooperate in their enforcement, remembering that next year this tradition of gentlemanliness will be yours to carry on for Georgetown.

ON TO NEW YORK

In past years there has been much said, and we hope there will always be much said, about the support to the varisty team by the student body. It has been shown in years gone by, and it will be shown in years to come, not only in football, but in all sporting events. The greater part of the plea for this support is that the team needs your support, and in all fairness to the players themselves, as well as your Alma Mater, you should encourage them by making the trip to New York City.

Manhattan College has an improved team, and a team that will fight, as was shown last year. Chick Meehan has meant much to Manhattan, but Jack Hagerty can mean more to Georgetown. The team has a spirit that has not been shown in years; its players work for the team, not for themselves, and you may be sure this is a successful season; so we take this opportunity to urge you to go to New York and support your team in person.

This Friday night in the Center Club in New York City, the New York Alumni is showing its support of the “New Deal” at Georgetown by staging a rally that will be second to none. They are honoring as their most important guest, one of Georgetown’s tradition names, that of Chick Meehan. Every member of the student body who goes to New York for the week-end, should attend this greeting to one who has seen many a team turn defeat into victory for Georgetown. The announcement of this better, a letter will be mailed to each student member of that organization is succeeding in carrying out this most difficult mission.

However, all this humanitarian work costs money, and the Red Cross has no source of income other than the donations which its members give out of the generosity of their hearts. It is for this purpose that the District of Columbia Chapter of the American Red Cross appeals to each individual Georgetown student to enroll himself as a member of that admirable society. On the day following this issue of The Hoy, a roll call blank will be placed in the postoffice box of each student. The Red Cross requests each one to fill in these slips and turn them in to the office of the Prefect of Discipline. It is not at all necessary to contribute a large sum. Many Freshmen Elected to Society in Tryouts—Dance to be Given

The League of the Sacred Heart opened its year with the first annual tea-dance held at Dahlgren Chapel. As usual, there was an overabundance of Father McDonough, the director of the League at Georgetown, outlined for the students the annual tea-dance as a devotion which, he promised, they would find both consoling and a vehicle to give you everything you need. And you earned it, he added new indulgences. The most remarkable papal document issued in favor of the Church in the year 1584, enjoyed the honor of being regarded as the most wonderful promises.

The Sodality of Our Lady Immaculate, Georgetown, and our country's oldest, had its first meeting of the year Tuesday evening in McNeir Hall. Members only were invited to this meeting, so attendance was restricted to the upper classmen. The freshmen will assemble tonight. Tuesday's gathering was one of the largest ever held by the Sodality and it was successful in recruiting new members.

The League is the official organization for the students at Georgetown, and our country's oldest, had its year with the October First Friday meeting. As there was no regular debate scheduled, the meeting was devoted to the approval of the departments of debaters for the coming week and to the settlement of the regular day for debating. The meeting for the following week is to be given by Noel Ryan and Joseph Kindred against Misses Roberta Moore and John Denny. As was the custom last year, the contestants choose their own subject and their own side. In this way a greater interest is created for the debaters than if the subject is assigned by the club, but due to a materially strength of the League set for themselves is twofold: devotion to the love of Jesus, a fertile soil, and it has grown and flourished.

It is no cost whatever in money, no dues, no assessments, no initiation fee—you are admitted to the Sodality and it will give you everything you need. And you earned it, he added new indulgences. The most remarkable papal document issued in favor of the Church in the year 1584, enjoyed the honor of being regarded as the most wonderful promises.

JOE LYNCH ELECTED COLLEGE GOLF HEAD

Heads Intercollegiate Golf Association for Coming Season

Since the closing of the school last June, Capt. Joseph P. Lynch has been playing some of his best golf of his career. In the intercollegiate golf championships, held in late June, Joe won long drive contest with an average of 339 yards for three drives—his longest drive being 348 yards. For this achievement Joe was presented with a diamond-studded ball at the intercollegiate banquet that followed the championships.

At this same banquet, at which there were also honored Hall of Fame men, Yale, Princeton, Dartmouth, Georgia Tech, Texas University, California, Pennsylvania, Williams, Michigan, Minnesota, Florida, and other universities too numerous to mention, our genial Joe was elected president of the Intercollegiate Golf Association for the year 1934-35, in recognition of his ability as a golfer, his inspiring leadership and fine sportsmanship.

The summer vacation was still young when Joe entered the Massachusetts State Championships and displayed splendid form, advancing to the semi-finals, and being beaten only by the winner, Bill Blaney. Then came an operation for tonsils; and despite a considerable loss of weight and a weakened state, Joe accomplished last Saturday, one can easily see that the Hoyas face a tough program ahead.

TOUGH SCHEDULE AHEAD FOR G. U. GRID TEAM

Future Antagonists Make Good Showing—Manhattan, W. Md.

Haves, for the Most Part, No Chance—Maryland Loses

By looking over the play of Georgetown's future opponents and the results they accomplished last Saturday, one can easily see that the Hoyas face a tough schedule this year and one that will call for the best that they have in them. The showings of such teams as N. Y. U., Max Marston, and Newly Elected President of Intercollegiate Golf Association

PING PONG TOURNAMENT TO BE HELD SHORTLY

Intramural Association Promises Event to be Run-off in Near Future

Simultaneously with the announcement from Director of Intramural Athletics, Ralph McCarthy, that the traditional fall ping pong tournament would come off as scheduled, many aspirants for the crown of Champion Ping-Pong Jack were put to the test at the ping-pong aleys of the University. Consequently, the third of the ping-pong tournaments has been resounding from the baselboard tables in the lower extremities

YE PROGNOSTICATOR

The sense and witless Mustapha Kemal having proved himself quite useless was dragged screaming from the sacred tripod of the prophet and replaced by the somewhat more bounteous and youthful Mustapha Chestfield, raising his comomous eyes and fixing his listeners with a rheumatic stare, he bestowed the following dogma:

GEORGETOWN to beat MANHATTAN.—Barring injuries, the Hoyas will down the Jaspers.

DUKE to beat GEORGIA TECH.—The Blue Devils are out to avenge last year's defeat by the Engineers.

BROWN to outclass HARRIS.-The Bruins may upset the 'Arvard Backfield.

HOLY CROSS to smash CATHOLIC U.—No question about the results of this game.

MICHIGAN STATE to beat CARNEGIE TECH.—The Farmers will beat the Spartans.

YALE to beat PITTSBURGH.—Last week's games showed that Yale is stronger.

FORDHAM to beat BOSTON COLLEGE.—The Rams will butt their way to an easy victory.

PRINCETON to devour WILLIAMS.—The Tigers by five touchdowns.

FROSH HOYAS TO OPEN SEASON NEXT WEEK

Greenpoint Point to Forthcoming Game—Available Material Augurs Good Season

With a capable squad and about 35 men, Coach Danner's Frosh team will meet their first opponent, Wyoming Seminary, a week from next Saturday. The last time the Georgetown Froshmen played the Seminarians they lost, 27-0.

This time Coach Danner hopes it will be a different story, especially inasmuch as he participated in the 27-0 defeat.

TACKLE SHOW ABILITY

Between Hardy, Leslie, and Nickatomi there rages a rivalry as to which will be the regular center for the squad. These men are just about even in every respect. The leading quarterback contenders are Keating and Sam Scalzi. Keating is a good passer, a shifty runner, and has shown up very well in scrimmages. All three are good defensively, and Nickatomi is outstanding on the attack. 

The tackles, Galligan and Garnich are outstanding candidates, but they are getting a lot of competition from other promising men. Two new men have come out Monday, O'Brien and Carbino, who both have enviable high-school records. Tackle will be one of the Blue and Gray strongholds this year. Tedman, Shuker, and Ladas have shown up very well in scrimmages. All three are good defensively, and Shuker is outstanding on the attack.
EXCEPTIONAL GOLF TEAM EXPECTED THIS YEAR

Lynch and Corcoran Defeat Former Champions—Qualifying Rounds Postponed

From all reports, it looks as if Georgetown will have a pretty fair golf team again this year. In fact, it will be more than pretty fair; it will be very good. It is a certainty that there will be certain Joe Lynch on the roster, who has made a name for himself in the intercollegiate golfing circles as well as in other fields. Only this week he and Ken Corcoran went over to Indian Springs and placed second to Newt Marston—both former national amateur champions, in an exhibition match. On top of this he was elected president of the Intercollegiate Golf Association. This is the first time in the history of this organization that a Princeton, Yale, or Harvard man has not held this office, a great compliment to Joe and to Georgetown. And just to prove his ability, he can show his list of victories in many famous tournaments, together with the diamond-studded golf ball now in his possession.

In the list of candidates who will try out for the team there are included Joe Galvin, John O’Brien, Bill Byrnes, “Bugs” Barney, Bill Shatner, Joe Loe, Phil Monaghan, Bob Phelan, Bill Cagen, and Newt Free.

Prospects Brilliant

With this material at hand, Manager Tom Largay may be very optimistic with regard to the future. Among the above named, the ones conceded the best chance are John O’Brien, a regular in the list of candidates who will try out for the team there are included Joe Galvin, John O’Brien, Bill Byrnes, “Bugs” Barney, Bill Shatner, Joe Loe, Phil Monaghan, Bob Phelan, Bill Cagen, and Newt Free. Hoyagrams

ROBERT T. PHelan, '35

Five hard weeks of intensive practice and firing drills were rewarded last Friday night when the 1934 edition of Jack Hagerty’s football team trotted off the muddy greensward of Griffith Stadium with what our local newspapers termed an “impressive” 20-0 victory over Mount St. Mary’s. True “the Mounts” do not possess national ranking, but nevertheless, they proved to the spectators that they were a hard-fighting, hard-hitting group of football players. Handicapped by a steady rain that fell throughout the entire contest, both teams played as well as could be expected under the adverse circumstances, with Georgetown showing herself to be the superior on the offense and defense.

On the defense the Blue and Gray abode particularly. Her stalwart forward wall time and time again repulsed the Mount’s attack for no gain and on several occasions stopped them before they reached the scrimmage line. This was evidenced by the fact that St. Mary’s made only three first downs and not more than fifty yards by rushing the ball and most of this was compiled when the second and third stringers were playing in the closing minutes of the game. To “Mack” Dubovsky and the linemen goes the credit for this superb defense. Congratulations, men, and keep up the fine work.

Captain Joe Saverine again proved that he is one of the best backs ever to play at the Hilltop by running and passing his team to victory. In the very first minutes of the game, Joe heaved a 20-yard pass to “Chubby” Parcells for the first score.

The long and defensive work of Joe Meglin and the superb play of Mike Chappa, Joe Shields, Bill Downer, Frank Wilgren and the oldest, and most-loved personalities, Father Vincent S. McDonough. It is justly ranked as the finest team that has ever stepped on the Hilltop, and it is probability that Father will always be present for the games.

It seems that there exists a particular dislike for Georgetown athletics on the part of certain sports writers on the local newspapers. Just why this is so we have not as yet been able to determine. Numerous rumors are persistent but none have been definitely established. However, when a group of men take the field on a night such as last Friday, when conditions were such that timing and precise execution of plays and handling a soggy, slippery ball were next to impossible and yet, to have those same men perform for almost sixty minutes and score a 20-0 victory will be Joe’s last year in intercollegiate football; and defeated two former national champions and Walker Cup players—Jess Sweetser and Max Marsten.

For something far more pleasant. On the eve of the Manhattan game, alumni, both young and old, are gathering to honor one of Georgetown’s best known, oldest, and most-loved personalities, Father Vincent S. McDonough. It is justly fitting that such a public demonstration be made for one who has devoted the best years of his life to Georgetown, her ideals and traditions. We of the undergraduate body can help make this a success by attending and showing our appreciation for a man who has done so much for our Alma Mater. “See you there, and also at the game Saturday!”

Par figures that is what some eighteen or twenty youthful aspirants for the Blue and Gray golf team are matching their wits against during the 36-hole qualifying round now taking place at the Indian Springs Country Club. Those of you who have played said course know that it is a real test of one’s shooting ability and to accomplish this feat a well-nigh perfect round is necessary. Co-captains Galvin and Lynch are favored to clinch the first two places, the remaining positions to be distributed among Bill Byrne, who, according to report, was burning up the fairways this summer; Jim Lee, who has posted several scores in the low seventies of late; Ken Corcoran, Bill Slattery, Bill Cagney, “Buzzy” Barton, and several other potential greats. Good luck, and may the best men win.

One of the teams that is set to play and they are expected to be the best of the group.

The Hoyas are favored to cinch the first two places, the remaining positions to be distributed among Bill Byrne, who, according to report, was burning up the fairways this summer; Jim Lee, who has posted several scores in the low seventies of late; Ken Corcoran, Bill Slattery, Bill Cagney, “Buzzy” Barton, and several other potential greats. Good luck, and may the best men win.
the offense, gave First Copley its initial score when he kicked the goal line and into the arms of his team mate, Tracy. The boys played a very tricky game on the aspect of a scrimmage. During the following two quarters, Galvin, a great defensive player, stood his ground. Gene McCabe, all of the Third Copley team, stood on account of their fine work for their team. Rice, Tracy, and Koch played well for First Copley and it was due to their efforts that Third was held scoreless until the last quarter. Bob Pfeian made an almost impossible catch of a fast pass and the very next play Third Copley pulled a very tricky deep pass, long pass evolved, and before their opponents knew it the score was tied. With 10 seconds left to play, Rice kicked from his own goal line and the quarter ended with the score at 6-6.

Extra Period Necessary

Due to the tie, the teams were forced to play an extra period. Since neither team was able to score in the first extra period, a second was played. Frank Talbot fell on a fumble near Third Copley's goal line in the second extra period and last soon after Bob Curry intercepted a pass and thereby put his team out of immediate danger. With 15 seconds left in the second extra period to go, Third Copley finally scored. Galvin made a fine shoestring catch of a pass and then McCabe forced over the goal line. The final score was 16-6 in favor of the Third Copley team. Although the boys disagreed as to the veracity of the referee, the final outcome was indisputable. The Juniors are to be congratulated on their fine showing, and we ultimately lead to the championship.

FROSH FOOTBALL

(Continued from Page 4)

Monday the Freshmen started to use the Manhattan plays, and Parcells was brilliant in scoring long passes. Later on, in the same period, McLoughlin threw a long pass to Urbanski, who finally caught it after the ball was bounced around three times in a vain attempt to knock it down, and he outdistanced all his pursuers to the goal line. The other touchdown occurred when Keating, after receiving a long pass on the 6-yard line, crossed the goal with who finally tallied.

Next Monday the squad of '38 will settle down to perfection of their own offensive attack. According to all indications, Hilltoppers, headed for a new era of football if the Fresman squad is any forecast of the future.

ADMISSION 25 CENTS

O'Hara's Pitching and Eckener's Circuit Blow Feature Heated Contest

On October 9th the Fresh engaged the Juniors for the first time in intramural baseball. The first-year men would have a hard time matching the strong right arm of O'Hara. This short young gentleman had all the qualities of Dizzy Dean—pitching goes, and had little trouble in winning the pairing efforts. For the first two innings both teams were scoreless, but in the third the Juniors began to gain by means of costly errors and Eckener's home run they piled up four runs. Another tally was added the next inning and made the score 5-0. In the fifth inning Johnny Watson broke the ice for the Freshmen with a terrific home run to left center. The Juniors came right back in their half and aided by an error, got two more runs. Three runs in the sixth inning brought the score to 8-0. The Juniors played a good fielding, but the Freshmen proved their hitting, however, they will have a hard time with the strong organainzed teams. As to the Fresmen: they played in streaks. They showed a strangeness to fast pitching and to the small ball. Considering the circumstances their hitting strength was exceptional and bases no good for the other classes. As soon as the Fresh get teamwork and a little more experience they may prove themselves formidable foes for the stronger intramural teams.

Photography Contract Let to Harris and Ewing—Staff Meeting Thursday

Work on the 1935 Domesday Booke is well under way, most of the preliminary work having been completed by Editor J. Jacob Young and Manager Lou Camardella this week.

The subscription campaign started Sunday night and the Editor promises that, with adequate support from the student body, he will be able to publish a year-book equal to, or surpassing, the remarkable 1932 edition. The final decision as to the exact contents of the book must wait until some definite idea can be gained as to the student body's response to the subscription campaign.

Mr. Young wishes to inform all members of the staff of the year-book that the first meeting of the staff will take place in Copley Lounge on Thursday evening at 7 o'clock when further plans will be announced and discussed.

The contract for the photography for the book was given to Harris and Ewing, who are ranked among the leading firms in the business. Sittings for the individual pictures of the Senior class will be open to all members of the University in all its departments.

FR. FOLEY MODERATOR

ITALIAN CLUB HOLDS YEAR'S FIRST MEETING

Professor Caino to Act as Director—Series of Lectures Planned

One of the most active clubs of the University held its initial meeting of the year last Thursday evening. This is the Italian Club, which, directed by Professor D. Caino, of the Romance Language Department of the University, has many progressive plans for the new year. Arrangements have already been completed for a special "free" class in Italian. This class is to be open to all members of the club and to all those that are desirous of becoming members. The club has made arrangements for many interesting lectures which are to be had at the various meetings throughout the year. The first of this series is to be inaugurated next Thursday evening at 8 o'clock in Copley Lounge, when Professor Caino, M.A. will give an illustrated lecture on Italian architecture. The Italian Club extends an invitation to this lecture to each and every member of the University in all its departments.

Quoting Mr. Samuel Castiglione, secretary of the Italian Club, versatile scholar, linguist, musician, and tradesman, in a statement to the press: "The Italian Club is looking forward to a most interesting year with Professor Caino, M.A., as moderator. Everything indicated a fine year at the first meeting. There were many new members initiated into the club, and the old members have returned in full force. This year each member is going to present papers on some phase of Italian art or literature, thus giving each individual a chance to present his work to the club at one of the meetings a paper on some phase of Italian art or literature, thus giving each individual a chance for personal expression on these topics. At the next meeting which will precede the lecture by Mr. Caino, the officers of the club will be elected for the coming year."

F. S. DEBATORS MAKE PLANS FOR SEASON

Several Candidates Admitted Into Organization—Intercollegiate Debates Being Planned

The Walsh Debating Society of the School of Foreign Service held a meeting Monday evening in the Philodemic Room for the purpose of filling vacancies in the organization. Candidates were selected from the student body on a competitive basis, each man being allowed to make a five-minute speech on a topic of his own choosing. There was a fairly large number of prospective candidates who turned out for this event and doubtless many of them will be accepted. The officers in charge of the forensics activities for this year are: Raymond F. Mahoney, president, and Samuel Castiglione, secretary.

An attempt is being made to develop intramural debates, as well as intercollegiate debates against George Washington University, Maryland, and Catholic Universities. All the debates held by the Society are of strictly timely importance, and are as valuable from the point of view of the student matter as they are from that of the training involved. No moderator has been chosen as yet to act in that capacity for the Society.

NEW MEMBERS ADDED TO DENTAL FACULTY

Dr. William Cogan, D.D.S., Dean of School, Recovering Rapidly From Illness

Several important changes have occurred in the faculty of the Dental School this year. A full time professor has been added in the preventative dentistry department which, it is hoped, will greatly enhance the course in that subject. There have also been two new additions to the operative staff. Dr. William N. Cogan, D.D.S., dean of the School of Dentistry, after spending the summer at the Navy Hospital, is rapidly recovering. Dr. Cogan's duties during his absence. A large freshman class has registered and a prospects semester is in view.

CURRENT EVENTS CLUB NAMES NEW OFFICERS

Course of Activities for Coming Year Outlined—Dr. Kerekes to Act as Moderator

On Thursday evening, October 4, the first meeting this season was held by the Current Events Club in Copley Lounge.

The purpose of the meeting was to outline a course of study to be taken up this year by the club, and also to elect officers. The men chosen to lead the activities are William Cagney, president; Robert Pleihan, vice president; and Charles Gildea, secretary. Dr. Tihor Kerekes, of the University, has again consented to act as moderator, which position he has held for the past several years.

The purpose of the organization is to discuss contemporary problems of importance, for which purpose many excellent speakers have been in the past, and will in the future address the club. Questions planned for discussion during the early part of this season include domestic, labor, and manufacturing problems. Foreign affairs will be considered later.

Thursday evening Dr. Kerekes welcomed the new members and expressed his desire that more new men make an appearance; especially, he said, are members of the Freshman Class invited to attend all the meetings. Dr. Kerekes has very energetically guided the club in the past and has prepared many enjoyable evenings for the members.

The next meeting is to be held soon after the Manhattan-Georgetown game, and all are cordially invited to attend. This session will be held in Copley Lounge.

DR. SANDS APPOINTED TO NEWMAN SCHOOL

Has Been Connected With Foreign Service School for Past Eight Years

Announcement was made this week of the appointment of Dr. William Franklin Sands as resident supervisor for the board of trustees of Newman School, at Lakewood, N. J. The appointment takes effect immediately. Dr. Sands has been connected with the School of Foreign Service for the past eight years, and has been professor of American history and diplomatic procedure.

Dr. Sands is a graduate of the Georgetown Law School, and has had a varied career in the Diplomatic Corps. At one time he served as advisor to the Emperor of Korea, prior to the time when that country was taken over by Japan. He was, for a time, United States Minister to Guatemala. In 1916 he organized relief for the prisoners of war in Russia and Siberia.
REGISTRATION SHOWS SUBSTANTIAL INCREASE

College, Graduate, Law and Foreign Service Schools Have Larger Enrollments

According to the latest figures compiled by the officers of the different schools of the University, there are 2,195 students enrolled in Georgetown University this semester, which is an increase of 59 over last year's total of 2,136. In the College of Arts and Sciences, 558 students are registered, 204 of this number being Freshmen, 255 Sophomores, 107 Juniors, 105 Seniors, and 7 being unclassified. Four hundred and six of these are non-Catholic students, with the remaining 152 being, of course, day scholars. This year the Graduate School shows a registration of thirty, while 512 are recorded on the rolls of the Law School. One hundred and seventy-six of the Law School students are enrolled in the morning classes while the other 336 attend in the evening. Incidentally, about 250 of the Law School students are government employees.

FOREIGN SERVICE

There are 289 students enrolled in the School of Foreign Service this year, 176 of these being in the morning section and 113 in the evening. The Medical School rolls show 129 Freshmen, 172 Sophomores, 139 Juniors, and 112 Seniors, for a grand total of 507. The registration in the Dental School has reached 192 students, with 42 Freshmen, 10 Sophomores, 70 Juniors and 70 Seniors being enrolled.

The total number of men in the University is 2,088, and this year they are enrolled 14 Dental Hygienists and 93 Nurses. The College shows an increase of 15 students this year as compared to last; the Graduate School an increase of ten; the Medical School, a decrease of 44, the Dental School a decrease of 19, the Law School an increase of sixty, and the Foreign Service School an increase of 26. There are 1,850 Catholic students in the entire University, and 276 non-Catholic students.

EXCERPTS FROM RECENT TALK BY FR. M'DONOUGH

Given at Catholic Action Meeting—About G. U. Students

“Even under unusually trying conditions the boys at Georgetown are so careful not to break their fast. To our of a hygene generation, the modern dance may seem a source of danger; if not of actual evil. It evidently means nothing of this to a modern young man. At the first dance I attended as a Prefect, more than a dozen years ago, I was approached by two freshmen shortly after midnight. They had a difficulty that concerned receiving Holy Communion after the dance. Their difficulty had nothing to do with the dance, but they feared they might have broken their fast, and they wished to serve the mass they knew I would celebrate soon after we were home, and their practice was to receive communion at every mass they attended. Well, I convinced them they had not broken their fast, and they did serve and receive. It was all very consoling and enlightening.

There are boys who are constantly giving me consolation along the same lines. For the inaugural ball last year, our charges were given an extraordinary permission—till two o'clock in the morning. The following day was a holiday, so there was no mass of obligation. Yet, I noted that one boy who could not have been in bed much before three, was serving mass as sixty-three, and receiving Holy Communion without any thought that he needed to go to confession. I was not so much surprised that the dance meant nothing harmful to a boy like him, but the fact that he was thoughtful and careful enough not to break his fast during the final two hours of dancing, was splendid. I once congratulated another boy in similar circumstances. He told me he kept in mind the communion of the morning, so just before midnight he went out and drank seven glasses of water, and felt that would carry him through.

Motives presented to the boys for Holy Communion meet with gratifying response. The death of a parent or one of the students always brings his entire class and many others to the altar-rail in practical sympathy. Communions for fellow-students who have to undergo serious operations are common and spontaneous. The Month of the Holy Souls, the Month of May and the season of Lent are periods of daily communions for fellow-students who have undergone operations. The Immaculate Conception is answered most generously. First Fridays and important feast days bring tremendous throngs to the altar-rail. One of the strangest appeals of all is for a safe journey home at vacation times and at the end of the year.
GEORGETOWN GOLFER WINS MASS. TOURNEY

Jim Lee Wins Roxbury Meet—Turns in Low Card to Win

James Lee won the club golf championship for 1934 at the Ridgewood Country Club, Roxbury, Mass., recently, by defeating Robert Hoyt in the 36-holes finals match, 10 and 9. It was the first time Lee had won the title. Last year he was runner-up in the tournament. He played a consistent and steady game throughout the match. His exceptional golf and high standard of sportsmanship, which he displayed in the finals, bespoke a player of championship caliber.

Lee was leading two up at the end of the first nine holes of the morning round and increased his lead to six up at the end of the eighteen holes. On the afternoon round, he won the first hole, making him seven up; the second was halved, and he won the third and fourth holes, making him nine up. Hoyt took a five on the first hole, while Hoyt sank a two-foot putt for a four to win the hole. Lee's drive was in the trap to the left of the green, and Lee in the trap to the right. Hoyt was several yards farther back. Both players were on the thirteenth green with their third shots, Lee winning the hole with a four, when he sank a short putt, making him four up.

Lee was in the trap to the right of the green on the fourteenth hole, and Hoyt in the rough across the brook. Hoyt's drive was near the road and Lee found the rough across the brook from the green to the left near the tree. He made a splendid recovery shot to land on the greens. His putt rimmed the cup. Lee was on the green with his third, twelve feet from the cup. Each two-putted.

Lee won the twelfth hole with par three when he chipped a foot past the cup from the edge of the trap to the right of the green. Lee was three up. Both players were on the thirteenth green with their third shots, Lee winning the hole with a four, when he sank a short putt, making him four up.

Lee was in the trap to the right of the green on the fourteenth hole, and took two shots to get out. Hoyt topped the ball to the rough across the brook.

His second shot was on the green twenty feet past the cup. He sank his putt for a par three to win the hole. Lee was three up.

We wish in some way we could get every man who smokes a pipe to just try Granger.
Society Now Has Almost 25,000 Members Working in All Parts of World

Quietly and with virtually no announcements, members of the Society of Jesus throughout the United States and throughout the world have just observed the four hundredth anniversary of that day, when, on August 15, 1534, St. Ignatius gathered together his little group of companions and practically initiated his “Company of Jesus.” The observances were private and held only within the Jesuit communities themselves.

Many perhaps wondered at the lack of large demonstrations of so important an anniversary. The explanation lies in the fact that the real celebration is planned for 1940, which will mark the four hundredth anniversary of the approval of the Society of Jesus by the Holy See. In that year observances of every kind and on every continent will be held throughout the world, since the society today lives and thrives in virtually every country. It is planned that the celebrations will fittingly honor the great founder and call to the attention of the world the tremendous works for the Church which his order has performed.

25,000 Members

In the weekly review “America,” edited by the Jesuits in New York, it was noted that the society now has almost 25,000 members, “laboring on every continent and the islands of the seven seas.” An article by Father John LaFarge, S.J., also appearing in “America,” expressed a reflection of the universality of the society. He said:

“The universality of his viewpoint impelled Ignatius to embrace in his zeal to men by the Son of God.”

Leo V. Klauber, President of the New York Alumni Club, which is giving the smoker Friday night, said:

“Close akin to this preoccupation for the individual was Ignatius’ realistic view of man. He had no illusions as to the stubbornness and complexity of human nature. His prudence knew no limits. He knew that for the ‘exigua mensae,’ for the ‘insignes,’ enthusiasm to ‘brasser des choses grandes et hors des forces communes’: to ‘embrace great things and above ordinary powers,’ in the words of augur, would lead into the swamp of egotism or disillusionment were the ground not prepared for the ideal by a radical purification of the heart. This purification, in turn, could be no general affair: no mere breasting and cries of ‘mea culpa.’ It must be specific, benedictive, to the hidden roots of character weakness. No one better than Ignatius, said Palmio, ‘could make the anatomy of a soul.’

‘Ignatius’ concept of the remedy for man’s condition was radical, tremendous, and enthralling. It was none other than the Divine Philanthropy, expressed in the redemptive grace given in turn, could be no general affair: no mere breasting and cries of ‘mea culpa.’ It must be specific, benedictive, to the hidden roots of character weakness. No one better than Ignatius, said Palmio, ‘could make the anatomy of a soul.’

Ignatius dreamed of no ‘mass man’ as did Father LaFarge also said:

“The universality of his vision impelled Ignatius to embrace in his zeal to men by the Son of God.”

Leo V. Klauber, President of the New York Alumni Club, which is giving the smoker Friday night, said:

“Close akin to this preoccupation for the individual was Ignatius’ realistic view of man. He had no illusions as to the stubbornness and complexity of human nature. His prudence knew no limits. He knew that for the ‘exigua mensae,’ for the ‘insignes,’ enthusiasm to ‘brasser des choses grandes et hors des forces communes’: to ‘embrace great things and above ordinary powers,’ in the words of a augur, would lead into the swamp of egotism or disillusionment were the ground not prepared for the ideal by a radical purification of the heart. This purification, in turn, could be no general affair: no mere breasting and cries of ‘mea culpa.’ It must be specific, benedictive, to the hidden roots of character weakness. No one better than Ignatius, said Palmio, ‘could make the anatomy of a soul.’

JESUITS CELEBRATE 400TH ANNIVERSARY

Two Washington Students Judged Winners in Newspaper

Competition

Scholarships Awarded by Washington Post

Two Washington boys, whose rivalry last spring for a college scholarship was so intense as to deadlock a jury of university professors, last month enrolled as pals in Georgetown University. They will enjoy together the prize for which they fought because their contest was settled with a compromise creation of a special half-tuition award for the runner-up.

Chester Davis, Jr., of Chevy Chase, final chancor, registered for the four-year course in the School of Foreign Service, having won the first prize of full tuition, and William Waldorf, 220 Utah Avenue Northwest, enrolled in the same classes with his opponent, now his best friend, in his election to train for Foreign Service realized by virtue of the sizable award recommended by his contest judges.

The opposition in which the two first met was one of four campus finals last May in the Washington Post scholarship competition. The project, which is being repeated this year upon a larger scale, brought 15 local universities the most talented high school seniors in the Washington metropolitan area.

In addition to substantial monetary assistance toward his chosen career, the two winners, working together, brought Waldorf a good summer job in the office of the winner’s father, Chester C. Davis, president of the Agricultural Adjustment Administration. Young Davis, himself, left Washington soon after his victory for the Superior National Forest in Minnesota, where he served for three months as a fire lookout at Wanless Tower.

Several weeks ago the boys took their vacation together, Waldo driving his car to Lake Superior, where they met for a camping trip. Returning to Washington they were going to spend the first two weeks of June with an eye on the World’s Fair.
How Refreshing!

Luckies

They Taste Better

The clean Center Leaves—these are the mildest leaves
They Cost More

"It's toasted"

It's the taste that counts—that's why Luckies use only clean center leaves—for the clean center leaves are the mildest leaves—they cost more—they taste better.
On Other Campuses

By Gar Gallagher, '36

The Missouri Student complains that the only thing wrong with this college life is the artificiality the students have created. The persistent practice of "jelling" around, as you will say with an empty gin bottle or a sticky coca-cola cup, is very fine, if that's how you want to face the world after graduation. But it might be something if you really want to dissipate, to try mild narcotics or read a history book or something. . . .

The Texas Angora Goat Raizers' Association at a recent meeting sponsored a contest of team play and of coordination of mind and body. One can never tell what you will have to do in the business side of life—that of keeping physically fit. Dr. Wilmer, dean of the Medical School.

Dr. Wilmer's brilliant career began 56 years ago at the University of Virginia. Two boys held a grave consultation concerning the case of a small dog which was suffering from a tumor on its back. One decided to remove the tumor surgically, the other that he could synthesize the drug and sell the patent for a fortune. While still a graduate student, William Wilmer decided to study chemistry. During his time at Virginia he became especially interested in the diseases of the eye and the treatment of glaucoma. He served as professor of medicine at the University of Virginia, then as professor of ophthalmology at the University of Virginia.

Visitors to the grounds of Trinity College are quite impressed. One youth, in company with a yearling from the red-roofed gray place, is quoted to have said, on the campus for the first time, "You'd better have a swell layout here."—The "Times."

Under a heading of "Statistiques," the St. Mary's, California, "Collegian" states that the average weight of a student is 192 pounds, and the heaviest weight that could be arranged would average 203 pounds. The heaviest of a set of backs would average 189 pounds, the heaviest weights would have kept up 190 pounds. There were 27 backfield men and 32 candidates for the forward wall.

A game was called to be played against the University of Minnesota extension class in advanced speech for 10 semesters. —The "Minnesota Daily.

Edward A. Knapp, St. Paul attorney, believes in sticking to a good thing when he finds it. Believe it or not, he has been a member of a University of Minnesota extension class in advanced speech for 10 semesters.—The "Minnesota Daily."

The gym was meant as a place of learning; it means through which one could learn the principles of team play and coordination of mind and body. One can easily learn an important point in the business side of life—that of keeping physically fit.—The "State."

Anything may happen after a summer of idleness, according to the Manhattan "Quondam." A certain gentleman had just returned from "up New England way" where he had the opportunity of examining the love letters of those two poetic tools, John and Paul. The Thurston Degree requires monthly Communion of reparation.

"Pope Pius IX has expressed the wish that every Catholic in the world should be present at the Eucharistic Congress. We can pledge him 100 per cent response from the student body at Georgetown. There are 200,000 Catholic leaguers in the United States. The Thurston Degree requires monthly Communion of reparation. We can pledge him 100 per cent response from the student body at Georgetown. SODALITY
(Continued from Page 3)

Mr. Hickey
Mr. Hickey stressed the fact that "students who are members of the Sodality of Our Lady Immaculate are a very important part of a Catholic Youth movement which is rapidly gaining momentum throughout the nation. Its rise and growing influence are everywhere to be felt. No greater proof of this national-wide growth of the Sodality can be found than was manifested this summer when more than 600 students of Catholic colleges and universities from all sections of the United States attended the Students' Spiritual Leadership Convention under the auspices of the Sodality of Our Lady Immaculate, in Chicago. There the representatives of the Catholic Youth of this nation proposed, discussed, and put into execution plans and activities which were to be carried out by the various Sodalities throughout the country during the coming months."

Father McDonough
Father McDonough reminded the members that their Sodality was no ordinary society. "It is," he said, "the very oldest organization in Georgetown, for it is beginning its one hundred and twenty-fourth year." He explained the double purpose of the Sodality, personal holiness of members through devotion to Mary and her Divine Son, and Catholic Action through the various Sodality committees.

"In this matter of Catholic Action," he said, "there is work for all. For the Sodality is not a purely pious gathering—no worthwhile good for others unless we ourselves are good. But given personal holiness, we are, by simply using the machinery of the Sodality, capable of doing great work for others."

Father McDonough indicated that the Sodality is needed more than ever by the Youth of this nation proposed, discussed, and put into execution plans and activities which were to be carried out by the various Sodalities throughout the country during the coming months.

REV. O'LEARY TO CELEBRATE HIGH MASS
Event to Mark Seventy-fifth Anniversary of Founding of Parish
On Wednesday, October 10th, Rev. Arthur A. O'Leary, S.J., acting president of Georgetown University, will be the celebrant of High Mass at St. Aloysius Church, North Capitol and Eye Streets N.W. This will mark St. Aloysius' seventy-fifth anniversary, its diamond jubilee. It will be held for the benefit of former students of Gonzaga School and College. Many students of Georgetown University are graduates of Gonzaga High School. Father O'Leary himself is a graduate of Gonzaga.

What is believed to be the first Catholic mass ever to be celebrated in the air was held over Athens recently by a French missionary on his way to Saigon in a plane of the French line.

A peasant at Ano Apostalari near the Bulgarian border, while digging a well on his farm, found a large marble statue of a classical goddess. He was instructed by federal troopers to turn it over to them for deposition at the National Museum in Athens.
DOUGLAS E. JONES '36 — ENGLISH.
Composition is hard work! "Doug" says: "When I feel played out, Camels give me a real snapback in energy."

ANY TOBACCO MAN WILL TELL YOU:
"Camels are made from finer, more expensive tobaccos—Turkish and Domestic—than any other popular brand!"

YOU'LL ENJOY this thrilling response in your flow of energy!

"Even the greatest writers are supposed to find writing a hard task, and if you have to do any writing you know just how hard a time the rest of us, who don't aspire to genius, have in expressing ourselves," says Douglas E. Jones, '36. "Majoring in English, I put as much energy into writing as a man would use up in heavy physical labor. When I feel played out I smoke a Camel. Camels give me a real snapback in energy. They are so mild that I can smoke all I want without upsetting my nerves."

You, too, will like Camel's matchless blend of costlier tobaccos. Mild—but never flat or "sweetish"—never tiresome in taste. You'll feel like smoking more...and you need not hesitate about it! For with Camels, you will find that steady smoking does not jangle the nerves.

CAMEL CARAVAN with Glen Gray's Casa Loma Orchestra, Walter O'Keefe, Annette Hanshaw, and other Headliners—over WABC-Columbia Network.

Tuesday, 10 p.m. E.S.T.—9 p.m. C.S.T.—8 p.m. M.S.T.—7 p.m. P.S.T.
Thursday, 9 p.m. E.S.T.—8 p.m. C.S.T.—9:30 p.m. M.S.T.—8:30 p.m. P.S.T.

BRIDGE EXPERT Shepard Barclay says: "Bridge calls for concentration. I smoke a Camel frequently, and feel refreshed and mentally alert again!"

CAMEL'S COSTLIER TOBACCOS NEVER GET ON YOUR NERVES!
