Dear Mr. Egan:

This is in response to your letter of March 20, 1972 concerning the availability of Rule 144 for holders of restricted stock of Scientific Inc.

You state that the company is not a reporting company since it is not required to file reports with this Commission under Sections 13 or 15(d) of the Securities Exchange Act of 1934. However, the company has distributed an annual report to its stockholders since 1966, and since 1971, it has distributed interim financial reports. You ask whether, under these circumstances, the company has complied with the requirements of Rule 144(c)(2).

Rule 144(c)(2) requires that there be publicly available the information concerning the issuer specified in clauses (1) through (14) inclusive and clause (16) of paragraph (a)(4) of Rule 15c2-11 under the Securities Exchange Act of 1934, a copy of which is enclosed. In order for us to determine whether the procedure the company has followed complies with Section 144(c)(2), it will be necessary to have additional information: the number of stockholders of the company; the form and how the information is presented; copies of these reports; and whether in your opinion, the material covers the information specified in the above-mentioned clauses.

Sincerely yours,

Rosa F. Jaffin
