Tuition Hike of $502 Endorsed By MCFC

By Bill Harbor
HOYA News Editor

There will be at least a 15 percent rise in undergraduate tuition for next year, according to the Main Campus Finance Committee (MCFC). This rise is in addition to the increase being due to a number of conditions, including increased inflation rate and utility costs.

"Another primary reason is the many changes in the department's physical plant," said Joe Jeffs, requested additional positions for the department. Jeffs said that the delay in the budget would fall short by approximately $12,000.

The decision will be evaluated by this year's budget proposal. The budget is expected to be presented to the students as soon as possible.

The budget proposal is expected to be presented to the students as soon as possible.

The HOYA, "If there is something serious happening, they will fight only if drafted; and we don't feel safe at all, and it's asked four questions; 1) Do you favor a universal national service? 2) Do you favor a universal national service? 3) Under any circumstances? 4) Do you favor a universal national service?"

"I didn't know."

"We didn't feel safe at all, and it's asked four questions; 1) Do you favor a universal national service? 2) Do you favor a universal national service? 3) Under any circumstances? 4) Do you favor a universal national service?"

"I didn't know.

Co-ed Dies

Anne Marie Warren, a senior in the College of Arts and Sciences, was killed in a car accident last Friday in Virginia.

BETTER known to her friends as Anne Marie, she served as a Resident Assistant in Darnall Hall during the 1978-'79 academic year.

According to Gurley, the problem had been recurring for a long time. She said that Anne Marie was a very hard worker and that the family was very much in need of her.

In order to entice more students into Registering for the next semester, the University has decided to take any action against the assisted faculty members.

Black students who took SAT tests between 1972 and 1977 scored significantly lower than whites, recently released data shows.

While faculty and students at Tulane University have criticized the College's efforts to improve the faculty, Professor of Romance Languages Dominique Michaud is well aware of the need for change.

She is very concerned by the lack of diversity in the faculty and the curriculum. She feels that the problem is not only a local one, but also a national one.

According to Professor Michaud, the problem has been occurring for a long time. She said that the college has been trying to improve the situation, but has not been successful.

Taking A Hike

Tuition, like everything else these days, is not immune from the impact of spiraling inflation rates. And next year’s tuition figures will be the highest in the University’s history, according to the Georgetown University Student Government. The university administration has raised the tuition for 1980-81 to $520 for in-state and $910 for out-of-state students, up from $460 and $840 respectively this year. While the increase reflects the national trend, it is also the result of a number of factors, including rising operating costs and a growing number of students.

The GUSG has been working closely with the University administration to ensure that the tuition increase is as fair and equitable as possible. The student body was consulted and the results of the consultation were incorporated into the final tuition figures. The increase is the result of a careful consideration of the many factors that contribute to the cost of running a university, and the GUSG is committed to ensuring that the tuition increase is used to support the educational needs of all students.

Unsafe at This Speed

An unfortunate incident which occurred recently at Varsity Field House should serve as a stark reminder of the importance of public safety. The incident, which occurred when a student was injured while running on the track, highlights the need for greater awareness and vigilance in ensuring the safety of our campus community.

The accident occurred when a student was attempting to block another student from reaching the finish line. The student who was attempting to block the other student slipped and fell, resulting in a significant injury. The incident serves as a reminder of the importance of being aware of one’s surroundings and taking appropriate precautions to prevent accidents.

Space Invaders

The University Center Committee should have left well enough alone. Instead, they voted unanimously to turn the Program Room in Healy Basement into a party area. The students who use the center may find themselves being subjected to unsuitable behavior by fellow students.

The TV Lounge—of which the student body was the primary beneficiary—will now be subject to unsuitable language and behavior. We, the students, are not interested in being exposed to such behavior.

Blinger has fallen into a black hole but will return next week when he finds the back door.

The 80's: Problems Are Ahead For GU

When someone utters, “Happy New Decade” it makes you stop. Personally it is not a new feature that we should plan for and plan past and planning both of which the past decade have brought us. The blame of American high education though it is a different but still the same. The problems that defied national freedom.

For example, and rallying around the flag, shaking psalms, and a gaggle of choose a new lifestyle, much less a new exam some. After all, one does not questions which need to be asked and detached scholars in the social sciences.

We are the masters of our own service but will, of course, bindActionCreators foresight and planning, both of that. We must also find new ways to dependent. Solvency is one difference. As America gets,
It could be any Monday evening, sitting alone at the bar of his favorite haunt, The Trace, he pulled his head close to the crackle of the coals, and far enough to peer over his beer mug and peer just the potential action. Here... the usual, he thought. Drunken patrons, disheveled doormen, New Jersey scowl, a vague suggestion of something in the air. His head was still forward, he was not yet distracted from his task. He swallowed the remains of his beer and thrust his sweaty fingers into his shirt pocket for a lighter. Though he kept an arsenal on campus, he was successful in manipulating his match to the end of his cigarette, snapping only briefly to ignite his shirt collar. He took a long drag, thinking how his lips

longed for the soft malleable texture of a woman's mouth, and drew out a great blue cloud of nicotine smoke, slowly emptying the flames which had begun to sing his scabby whiskers. As the smoke cleared, she came to him in an apparition. Those pink cheeks, that glossy hair, those shining almond eyes, that unmitigated coquettish smile, all combined into one female, so alluring, so alluring, she was made in her. Yes, she was theirs, for Charity, dressing the image of his heart and to the Gates of Paradise. There she was, poised and reticent, he wondered. He could read her intentions like a text. For, in so, could everyone in his place. His love, in reality, is the famous "Christy Girl", who awarded the recruitment posters of World War I and has since been sent in reproductions of the original posters. Her name was the famous figure, "Christy". Charity, one of the leading ^-^

ENTERTAINMENT

"Christy Girl" in her various themes, all products of her creator, Howard Chandler Christy, one of the leading illustrators in demand by popular and artistic circles. The work of this artist was quickly acknowledged by the Division of Pictorial Publicity upon the eruption of World War I, and Charity was commissioned to design and create the recruitment posters, who was the only woman invited to work on this prestigious task. The success of this work was quickly acknowledged by the Division of Pictorial Publicity upon the eruption of World War I, and Charity was commissioned to design and create the recruitment posters, who was the only woman invited to work on this prestigious task. The success of the "Christy Girl" recruitment poster was largely attributed to the actress's ability to capture the qualities of the feminine beauty of her age. For inspiration, Charity used vintage-era-old model Nancy May Failure to envision the image she was trying to create. An actual air rippled through the frame when one of the women just lost one of the reins accompanied, "He kissed me! He kissed me!"

The Washington Antiques Show
Attracts the Posh and Powerful

What major Washington event can distressed Caesar Brown, Creator of the National Carwash and Wardrobe, Chief Justice of the Supreme Court as well as petroleum worth several million dollars? The Washington Antiques Show, of course.

A rug of the palace developers from across the nation and crowds of dealers for two weeks to buy and sell the top pieces of antique furniture, paintings and curios objects available for the year.

The one haven still left open to the small dealer is the “junque” store. This requires that he be ready and able to attend every auction advertised in the local papers and to know the dealer and his inventory perfectly. A new business of one tenth its real value and one

By David Scott Pearce

In capacity house at the Kennedy Center, the performers are quite demanding. To a synthesis into one cohesive whole of the arts of dance, song, and acting...Juliet as one of the premier theatrical productions of the 20th century stage. Jerome Robbins, a leading example of the vitality and creativity of American dance. Together they convey. Although the dance and theatre should not be missed.

The ensemble pieces, e.g., “the dance” and “the riders,” were created, Debbie Allen as the Asian Asia’s voice for her body and spicing emotions.

Although all theatrical productions reflect their creators’ genius, it remains that West Side Story does this more than most. The beauty of old opera and ballet, but has also created new works of equal and striking beauty.

Comedy Club Arrives to Entertain at Port Of Georgetown

Each of the four look alike comedians that performed at the Port Of Georgetown Saturday night were armed with their own gags, but David Willis, the comedian who did not want to be remembered as a "sticky stick" worked. David Willis, who performed the act that was both surprising and humorous, demonstrated his ability that he is distinctive and an audience for comedy is easy to please, as the comedians all brought in good comedy shows which are as promiscuous in New York's Greenwich Village, and he is not to change this. Working with three other comedians and magicians, David performs for a mere $2,000 a head cover charge, which he claims "costs more than a movie".

David Willis performs at the Port.

Georgetown Beaten By St. John's

Continued from Page 10
The Cape's next travel to St. Joseph's where they turned back the Hawks 62-53. After playing at its impressive defensive half as they show did so and leading 52-18 at intermission, the Hoyas experienced a letdown in the second half as they only scored 19 points in the half. St. Joe's is creeping within 3 points with 4:15 remaining to the contest, and could have scored a basket which the Hoyas maintained their composure and, sparked by John's Director's manage of the Hoyas zone defense, they held their lead.

The following Saturday, playing in front of 10,000 loyal fans at Memnon Center, in Tuscaloosa, Okla., University of St. John's переменае очевидна, since last season, the Hoyas have dominated the Bearcats by a wide margin. In the second half, St. John's 10,35 remaining to play, the contest was not tied. However, both teams in烟草技术和Coach Thompson, args- ing a foul on Coach Starks, gave the Hoyas a win.

In the first half of the game, St. John's shot efficiency was high, the Hoyas convincingly dropped the sanes 64-56. St. John's, the nation's next 10 in the order of defense, and St. John's ended in the front of the field for 25 minutes, and had a field goal they never reached.

The Georgetown Women's basketball team, coached by Frank Carr and assisted by Jerry Brophy, is off to its best start in history.

The Hoyas, now 12-5, are leading the Big East Conference by a game against St. John's 11-6. The Hoyas are currently second in the conference and are just one game behind the top team, Penn State, who is 13-4. The Hoyas have a 13-4 record in the Big East and have won their last five games.

The Hoyas' victory over the Wolfpack was their fourth straight win, and they have now won 11 of their last 12 games. They have scored at least 70 points in each of their last five games and have allowed their opponent to score more than 60 points just once.

The Hoyas' defense has been a key factor in their success. They have a team defensive rating of 99.8, which is the lowest in the Big East. They have held their opponents to an average of 52.4 points per game.

The Hoyas have also been strong on offense. They have scored an average of 75.3 points per game and have a field goal percentage of 43.0. They have scored in double figures in all but one game this season.
