A NOTE TO OUR READERS . . .

Because funds are limited, we are very grateful for your donations, as well as your recommendations to your publishers to forward review copies to the Editor. In addition to being listed here, all titles accepted for the collection will be included in the ETHXWeb and GenETHX databases, as appropriate, hosted at http://bioethics.georgetown.edu. Your efforts to support this publication and the dissemination of bioethics information in general are sincerely appreciated.

NEW TITLES IN BIOETHICS is published quarterly by the Bioethics Research Library at Georgetown University, Kennedy Institute of Ethics as an electronic version (http://bioethics.georgetown.edu) beginning with 2004. Annual Cumulations were published up until 2005 as a separate print publication. NEW TITLES IN BIOETHICS is a listing by subject of recent additions to the Bioethics Research Library’s collection. (The subject classification scheme is reproduced in full at the end of each quarterly issue.) With the exception of documents in the section “New Publications from the Kennedy Institute of Ethics,” materials listed herein are not available from the Bioethics Research Library. They are often available directly from the publishers listed in each citation.

Information included in NEW TITLES IN BIOETHICS citations includes: personal or corporate author(s); title; publication source; date of publication; pagination; ISBN or ISSN; other notations (such as donor or series); one primary and (optional) additional secondary Bioethics Research Library Classification Numbers; and two-letter (optional) codes which further describe the author’s approach or the content of the item cited. The two-letter codes are: an (analytical), cs (case study), em (empirical), le (legal), po (popular), rv (review), and wh (war and human rights).

Note: Beginning in January 2006, NEW TITLES IN BIOETHICS quarterly issues will only be available online at: http://bioethics.georgetown.edu.

The acquisitions cited in this publication have been acquired with the support of the Grant No. P41 HG01115 from the National Human Genome Research Institute, National Institutes of Health [and] Qatar National Research Fund Project Grant No. 08-783-6-017. Other items cited are provided by the National Endowment for the Humanities, the Anderson Partnership, the Kampelman Collection of Jewish Ethics, and the publishers and individual donors noted.

NEW TITLES IN BIOETHICS

Volume 36, Number 3
July - September 2010
A NOTE TO OUR READERS . . .

Because funds are limited, we are very grateful for your donations, as well as your recommendations to your publishers to forward review copies to the Editor. In addition to being listed here, all titles accepted for the collection will be included in the ETHXWeb and GenETHX databases, as appropriate, hosted at http://bioethics.georgetown.edu. Your efforts to support this publication and the dissemination of bioethics information in general are sincerely appreciated.

NEW TITLES IN BIOETHICS is published quarterly by the Bioethics Research Library at Georgetown University, Kennedy Institute of Ethics as an electronic version (http://bioethics.georgetown.edu) beginning with 2004. Annual Cumulations were published up until 2005 as a separate print publication. NEW TITLES IN BIOETHICS is a listing by subject of recent additions to the Bioethics Research Library’s collection. (The subject classification scheme is reproduced in full at the end of each quarterly issue.) With the exception of documents in the section “New Publications from the Kennedy Institute of Ethics,” materials listed herein are not available from the Bioethics Research Library. They are often available directly from the publishers listed in each citation.

Information included in NEW TITLES IN BIOETHICS citations includes: personal or corporate author(s); title; publication source; date of publication; pagination; ISBN or ISSN; other notations (such as donor or series); one primary and (optional) additional secondary Bioethics Research Library Classification Numbers; and two-letter (optional) codes which further describe the author’s approach or the content of the item cited. The two-letter codes are: an (analytical), cs (case study), em (empirical), le (legal), po (popular), rv (review), and wh (war and human rights).

Note: Beginning in January 2006, NEW TITLES IN BIOETHICS quarterly issues will only be available online at: http://bioethics.georgetown.edu.

The acquisitions cited in this publication have been acquired with the support of the Grant No. P41 HG01115 from the National Human Genome Research Institute, National Institutes of Health [and] Qatar National Research Fund Project Grant No. 08-783-6-017. Other items cited are provided by the National Endowment for the Humanities, the Anderson Partnership, the Kampelman Collection of Jewish Ethics, and the publishers and individual donors noted.

A NOTE TO OUR READERS . . .

Because funds are limited, we are very grateful for your donations, as well as your recommendations to your publishers to forward review copies to the Editor. In addition to being listed here, all titles accepted for the collection will be included in the ETHXWeb and GenETHX databases, as appropriate, hosted at http://bioethics.georgetown.edu. Your efforts to support this publication and the dissemination of bioethics information in general are sincerely appreciated.

NEW TITLES IN BIOETHICS is published quarterly by the Bioethics Research Library at Georgetown University, Kennedy Institute of Ethics as an electronic version (http://bioethics.georgetown.edu) beginning with 2004. Annual Cumulations were published up until 2005 as a separate print publication. NEW TITLES IN BIOETHICS is a listing by subject of recent additions to the Bioethics Research Library’s collection. (The subject classification scheme is reproduced in full at the end of each quarterly issue.) With the exception of documents in the section “New Publications from the Kennedy Institute of Ethics,” materials listed herein are not available from the Bioethics Research Library. They are often available directly from the publishers listed in each citation.

Information included in NEW TITLES IN BIOETHICS citations includes: personal or corporate author(s); title; publication source; date of publication; pagination; ISBN or ISSN; other notations (such as donor or series); one primary and (optional) additional secondary Bioethics Research Library Classification Numbers; and two-letter (optional) codes which further describe the author’s approach or the content of the item cited. The two-letter codes are: an (analytical), cs (case study), em (empirical), le (legal), po (popular), rv (review), and wh (war and human rights).

Note: Beginning in January 2006, NEW TITLES IN BIOETHICS quarterly issues will only be available online at: http://bioethics.georgetown.edu.

The acquisitions cited in this publication have been acquired with the support of the Grant No. P41 HG01115 from the National Human Genome Research Institute, National Institutes of Health [and] Qatar National Research Fund Project Grant No. 08-783-6-017. Other items cited are provided by the National Endowment for the Humanities, the Anderson Partnership, the Kampelman Collection of Jewish Ethics, and the publishers and individual donors noted.
